PREFACE.

In the eighth (1876) edition of the AMERICAN NEWSPAPER DIRECTORY there are mentioned seven hundred and eighty-two daily, ninety tri-weekly, one hundred and thirty-five semi-weekly, six thousand five hundred and ninety-two weekly, thirty-five bi-monthly, one hundred and seven semi-monthly, seven hundred and ninety-one monthly, fifteen bi-monthly, and seventy quarterly publications, a total of eight thousand six hundred and seventeen; being an increase of two hundred and sixty-nine over last year, eight hundred and thirty-three over 1874, one thousand three hundred and twenty-six over 1873, one thousand six hundred and ninety-five over 1872, and two thousand one hundred and seventy-nine over the edition for 1871.

The effect of the general stagnation of business is shown by the small increase in the number of publications as compared with previous years. Since May 1, 1875, thirteen hundred and sixty-six papers have commenced publication (an average of over four for each laboring day), and one thousand and ninety-seven have suspended. That the circulations are below what they were one year ago is also more than probable.

The States in which there has been an increase in the number of periodicals are: Arkansas, nine; California, twenty-eight; District of Columbia, eight; Georgia, five; Illinois, sixty-five; Indiana, eighteen; Iowa, twenty-two; Kansas, six; Kentucky, nine; Maine, one; Maryland, two; Massachusetts, ten; Michigan, eleven; Minnesota, two; Mississippi, five; Nebraska, seven; Nevada, two; New York, two; North Carolina, one; Ohio, thirty-one; Oregon, one; Pennsylvania, thirty-one; Texas, eighteen; Virginia, five; Wisconsin, eight; Territories, six; Dominion of Canada, twelve.

There has been a decrease in the number of publications in the following States: Alabama, six; Connecticut, two; Delaware, one; Florida, one; Louisiana, one; Missouri, twenty-three; New Hampshire, three; South Carolina, seven; Tennessee, five; Vermont, five, and in Newfoundland, two.

Exactly the same number as last year is issued in New Jersey—one hundred and seventy-seven, Rhode Island—twenty-seven, and West Virginia, seventy-five. Divided geographically, the gain in the number of publications is: New England States, one; Middle States, thirty-four; Western States, one hundred and forty-seven; Southern States, forty; Pacific States, thirty-one; Territories, six; Canada and Newfoundland, ten.

The number of newspapers represented in the advertising pages of the DIRECTORY is nearly three thousand. Many are omitted, owing to the fact that this edition is issued one month earlier than any of the previous ones. No other book ever published in this or any country has received such a

magnificent advertising patronage. The amount charged for the display cards is \$53,398 75 and for words in *italic type* at ten cents a word, \$2,888 50, making the total advertising receipts for the work \$56,287 25.

The number of publishers furnishing complete reports for this (1876) edition exceeds by several hundreds those furnished heretofore.

The fact that great care is exercised to have the DIRECTORY contain none but reliable information of the newspapers and periodicals is now known, and the work is consulted by nearly all advertisers as a guide in their business dealings, as well as by individuals desiring information contained therein. Every publisher should see that the true circulation of his paper is furnished for publication, and in justice to himself should report any publisher credited with an erroneous circulation. That there exists a demand for a publication like the AMERICAN NEWSPAPER DIRECTORY is evinced by the increased cash sales of copies of the work each year.

THE NEWSPAPER NAMES OF AMERICA.

A newspaper's title, whether it be appropriate, grotesque, or infelicitous, is a momentous element in its existence. Ordinarily, a name is merely an adjunct or inferior consequence of that which is designated; but the names of newspapers are more than adjuncts. They possess peculiar capacities or forces, and in the whole range of mundane being, they have probably no actual parallel. The qualities of a newspaper's title are so decided, even after the passing away of all the objects or circumstances, either living or inanimate, which directly caused its creation, that the right to its use is occasionally not only considered as a means of gain, but serves as the motive for ardent disputes. It differs notably from the names of human beings. At the death of a person of any species of conspicuous prowess, his name's operating moral potency, which was created solely by or through himself, seems to expire with his body. It is not transferable to his descendants, even though they may, by right or otherwise, assume the identical appellation by which he was known; but in the case of a newspaper which has, during the lifetime and by the efforts of a particular publisher, been invested with a certain moral power created solely by or through that publisher, its moral power, of which its name is the only symbol, may descend intact to new custodians, and remain undiminished through various generations.

It is noteworthy that nothing pertaining to any department of a newspaper or newspaper establishment is produced with so little effort as its name. The ink and type which are used in its publication are produced only by unstinted physical labor; the matter which fills its pages is the result of mental efforts more or less arduous; its presses are brought into being only by the toil of sturdy artisans; but a name may be plucked with ease from any political predilection of the hour, from any transient event or circumstance, or from the promptings of zeal, eccentricity, or conceit. The privilege of choice need alone be utilized. The name is almost a spontaneous product, and that which may prove the most profitably durable in respect to a paper is obtained with the slightest exertion.

In the volume now before the reader, the tastes and inclinations of publishers in regard to names are amply indicated. The publications of all kinds

described in the AMERICAN NEWSPAPER DIRECTORY for 1876 are represented by 7,626 titles. In many cases several editions are issued from the same establishment, under substantially the same title, and in the figures just stated, such several editions are counted but as one. The *Journals* are the most numerous, there being 487. Alabama has 4; California, 8; Connecticut, 9; Delaware, 1; District of Columbia, 2; Florida, 3; Georgia, 10; Illinois, 47; Indiana, 17; Iowa, 20; Kansas, 7; Kentucky, 8; Louisiana, 4; Maine, 6; Maryland, 4; Massachusetts, 28; Michigan, 23; Minnesota, 10; Mississippi, 1; Missouri, 24; Nebraska, 7; Nevada, 2; New Hampshire, 10; New Jersey, 13; New York, 80; North Carolina, 3; Ohio, 26; Oregon, 1; Pennsylvania, 41; Rhode Island, 2; South Carolina, 2; Tennessee, 7; Texas, 2; Vermont, 9; Virginia, 1; West Virginia, 4; and Wisconsin, 15. The Territories have 4, and Canada and Newfoundland 22. Next in favor stand the *Times*. Democrats come next in point of numbers. There are 268. Of these, Illinois has 26; Indiana, 25; Iowa, 17; Missouri, 22; New York, 30; Ohio, 28; Pennsylvania, 30; and Wisconsin, 10. Connecticut has none, and there are naturally none in Canada. To offset the machinations of the Democratic phalanx, there are 211 *Republicans*, of which Illinois possesses 22; Indiana, 17; Iowa, 15; Massachusetts, 3; Michigan, 14; Missouri only 8; New York, 23; Ohio, 17; Pennsylvania, 23; and Wisconsin 13. The Territories have 2. There are 219 *Presses*. Illinois owns 20; Iowa, 12; Minnesota, 13; New York, 21; Ohio, 20; Pennsylvania, 22; Wisconsin, 11; Canada and Newfoundland, 9. The *Advertisers* number 92, and are naturally most frequent in localities where the populace is the most enlightened and progressive. There are 122 *Advocates*. This name appears to be a favorite of the religious publications, and at least three-fifths of the total are borne by religious papers. There are 60 papers known as the *Argus*, and with this quantity of professed eye-power, it is amazing that the frauds heretofore existing for years were not sooner discovered. There are 58 *Bulletins*, which are undoubtedly perused with care by the 51 *Citizens* described in the DIRECTORY. Of *Chronicles* there are 89, while 143 *Couriers* stand in expectancy, ready to depart with 34 *Dispatches*. There are 89 *Enterprises*, most of them being located in the West. There are 45 *Expresses*, 34 *Farmers*, and 20 *Globes*. One of the latter is the *Flint Globe* of Michigan, and another the *Golden Globe* of Colorado Territory. Just 133 papers keep on the safe side by being *Independents*, though 49 *Leaders* are ready to direct them. There are 34 *Ledgers*, 47 *Observers*, and 16 *Pilots*. One of the latter is the *Storm Lake Pilot* of Iowa, and another the *Lone Rock Pilot* of Wisconsin. Each of these is remarkably co-incident in respect to the name of the place and the name of the paper. There are 59 *Posts*, 122 *Registers*, and 95 *Reviews*. The country enjoys the guardianship of 144 *Sentinels*, one of whom is the *Lone Tree Sentinel* of Iowa. There are 76 *Standards*, 84 *Stars*, 50 *Suns*, and 93 *Tribunes*. In this enumeration, adjective prefixes have been disregarded. The bulk of titles not already mentioned are comprised in the list given below, which does not contain special titles, such as those derived from localities or publishers, but only those which are derived from the common stock of nouns. The list is as follows: Abendschule, Abstract, Adage, Adler, Advance, Adviser, Ægis, Ætna, Age, Agitator, Agriculturist, Albion, Album, Aldine, Alliance, American, American Industries, Amphion, Angel, Animal Kingdom, Annales, Anti-Monopolist, Anzeiger, Appeal, Apples of Gold, Appollo, Apologete, Arbeiter Freund, Arcadian, Archiv, Argosy, Artizan, Ateneo, Athenenum, Atlas, Aurora, Avalanche, Balance, Bankruptcy Reports, Banner, Baptist, Bar, Basket, Battle Flag, Bazar, Bazoo, Beacon, Beacon Light, Beau Monde, Beaver, Bee, Beetle and Wedge, Bee World, Beobachter, Bericht, Bible Studies, Bibliopolist, Bibliotheca, Biene, Bien Public, Bierbrauer, Bill Poster, Blade, Blatter, Book Buyer, Book News, Bookseller, Border, Borderer, Bote, Botschafter, Bouquet, Bowlder, Boy in Blue, Bridal Veil, Broad Axe, Budget, Budstikken, Bugle, Builder, Business, Cabinet, Cabinet Maker, Cæcilia, Caledonian, Call, Capital, Car-Builder, Carpet Trade, Carrier Dove, Cash Book, Casket, Cataract, Catholic, Censor, Censorial, Cen-

In collating all these titles, as well as in stating the more com-mon names previously enumerated, all adjectives and orthographical dif-ferences have been ignored. There are also double titles and compound

titles, existing either by selection or in consequence of the consolidation of two or more separate publications. Such are the *Comet and Advertiser*, *Review and Herald*, *Citizen and Banner*, *Mirror-Journal*, *Globe-Democrat*, and others. There is even a *Times, Post and Observer*. Notwithstanding the amplitude of the titles already furnished, they yet do not cover a large number of publications known by special or by invented titles. They abound in the large cities, and as they are not capable of distillation, their presentation in a tabular form is not feasible. They embrace a majority of the monthlies and other periodicals, some of them being odd and short, while others seem to vie in ponderosity. The *Christian Union Witness or the Olive Branch of Peace*, *Advent Review and Sabbath Herald*, *Domestic Monthly*, *Church Magazine*, *In Door and Out*, *Industrial and Harkness' Magazine*, as well as the *Church Paper*, *Christian at Work*, and *Frank Leslie's Illustrated Newspaper*, are specimens of the different styles of this class of titles. Among the unusual or striking titles are the *Bistoury* (Elmira, N. Y.), *Jimplecute* (Jefferson, Tex.), *Luxapillan* (Fayette C. H. Ala.), the *Card Basket*—a society paper—of Washington, the *Hope Star of Hope* (Ark.), *Thistleton's Illustrated Jolly Giant* (San Francisco), *China Mail and Flying Dragon*, the *Elm Leaf* (East Hartford, Conn.), the *Eulenspiegel* (Owl's Mirror) of Chicago, *Jefferson Republican*, the *Southern Cross*—a Catholic paper—of Savannah, the *Egyptian Press* (Marion, Ill.), *Hoosier Patron and Lady Granger* (Indianapolis), *Hoosier State*, *Union Spy*—there is only one—*Condenser*, *Meschacebe*, *Wide Awake*—a literary paper—*Iron Home* (Ishpeming, Mich.), *Morgan's Watch-tower* (Mt. Pleasant, Mich.), the *Ricochet* (Oxford, Miss.), *Blaetter und Kladderadatsch*, the *Schnedderdengg*, *Freedman's Monitor and Workingman's Looking Glass* (Phila.), the *I. C. B. U. Journal* (also in Phila.), the *Four Counties* of Richmond, Texas, the *Ventilator and Golden Rule* (Mannington, W. Va.), *Eurhetorian Argosy* (Sackville, Ont.), *Stylus*, *Lady Elgin* (Elgin, Ill.), *Over the Country*, *Pajaronian*, *Aurora Brazeileira*, *Neighbor's Home Mail*, *Psyche*, *Madisonensis*, and the *Alpine Chronicle* of Silver Mountain, California. There is also a *Confederate* (Canada), and *Lively Times* (Prescott, Ont.). There are two *Socialists*, and only one *Triumph*. Names of papers published in foreign languages, except those previously given, may be placed in a miscellaneous group. The most unpronounceable are *Y Cyfaill o'r Hen Wlad*. *Y Cenhadwr Americanaidd*, *Y Dasg*, and others of the same language—the Welsh. There is also a *Delnicke Listy*, a *Pokrok*, and a *Pokrok Zapadu*. It is worth while to mention retrospectively that there is a *Genius of Liberty* among our own papers. The *Ladies' Bureau* of Marshalltown, Iowa, sounds very mysterious, but as that journal is a woman suffrage advocate, the *Bureau* probably contains nothing but a pair of pantaloons. Names popularly supposed to be frequent are in fact rare. It occasionally happens that the prominence attained by a single paper with a certain name brings the name so much before the people, that it grows familiar to the public mind, though there may really be but few papers with the same designation. What the journalistic fancy of the Centennial year will devise in the way of newspaper titles is uncertain; but altogether, the subject is

not devoid of general interest, nor is it sufficiently insignificant to render the preceding particulars ill-advised or irksome.

THE DISTRIBUTION OF NEWSPAPERS.

In the preparation of the table of averages, only those publications whose circulations are given hereafter are taken into account, the presumption being that the results would be but slightly changed were the circulations of the entire number given. In the list of dailies, the average of Maryland (11,336) stands at the head of the list, with Massachusetts (9,942) second, and New York (8,402) third. The large average of Maryland is due to the fact that six out of the eight dailies, whose circulations are given, are published in Baltimore and print from 8,278 to 20,094 copies each. Although the average circulation of the New York City dailies is 24,965, the large number of country dailies whose subscription lists fall below 1,000 each (23 per cent.), reduces the average for the whole State to a third place in the list. In Massachusetts 26 per cent. of the list exceeds 10,000 circulation, while in New York only 11 per cent. reaches that figure. The smallest daily average (550) is found in British Columbia, the next (734) in Mississippi, and the next (782) in Nebraska, in none of which does the circulation of any one paper reach 2,000.

Among the weeklies the largest average (4,120) is found in New York, the next (3,777) in Massachusetts, and the next (3,375) in the District of Columbia. A comparison between the cities of New York and Boston shows an average weekly circulation of 12,124 in the former and of 10,702 in the latter. Newfoundland furnishes the smallest weekly average (246), Nevada (400) next, and Florida (478) next. The large semi-monthly averages of Georgia and Quebec are due to the fact that but one publication of this class is printed in each of them. In a comparison of monthly averages, Maine is found at the head (14,474), with Vermont (11,103) second, and Massachusetts (8,258) third, while North Carolina foots the list with only 350. Among the total averages of all publications that of New York (4,991) ranks first, that of Massachusetts (4,582) second, and that of the District of Columbia (3,697) third, while Newfoundland (328), Florida (470), and British Columbia (534), are again found at the foot of the list. Between the different classes of publications the monthlies take the lead, with an average circulation of 4,968, and the dailies next with 3,790. A further analysis of the table shows that, while the daily average of a State is influenced to a marked degree by the large cities within its borders, that of the weeklies serves as an unflinching index of the prosperity and intelligence of the rural districts. In the Northern States the average is large, while in the Southern States, Territories, and three of the Canadian Provinces, it is small.

In a comparison of aggregates, which do not wholly appear in the tables, New York heads the list with a daily circulation of 764,500 copies, or 244,640,000 copies per annum, of which number 599,161 copies are issued daily in New York City alone. The aggregate weekly circulation in the State is 2,459,503 copies, of which 1,782,163 copies are issued from the city offices, and the total aggregate amounts to 4,271,527 copies each issue, or 390,529,912 copies per annum. Of the total for each issue, New York City prints 3,340,-

300 copies, or over 78 per cent. of the aggregate circulation of the State. The next largest total aggregate for each issue is that of Pennsylvania (1,701,250), and the next Massachusetts (1,214,124). The total circulation of all the dailies given in this work amounts to 2,406,226 copies, of the weeklies 9,426,342 copies, and of all publications 14,681,816 copies each issue, or 1,318,459,214 copies per annum.

A comparison between the aggregate circulation of all publications in each State and Province with its population (1870), shows that California issues 90 copies per annum for every individual on her census rolls, while New York and Massachusetts fall but little short of that number with an annual issue of 89 and 79 copies respectively. When the distance of California from the great newspaper centres of the East is considered, it will be seen that the local support which her publications receive is far better than a comparison with the averages of those States in near proximity to New York, Boston, or Philadelphia would indicate. At the other extreme we find that Newfoundland prints but two copies per annum for each individual, or one copy every six months. Florida and Arkansas do but little better, the former issuing 3 and the latter 4 copies per annum to each person. Of the 42 separate States and Provinces contained in this work, 11 issue less than 10 copies, 31 less than 25 copies, and 42 less than 50 copies per annum to each person, while in the whole of them combined the average number issued is 31. It will be interesting to note that a high average is always found in those States where a high standard of education and good order exists—a fact of no slight significance in estimating the influence of newspapers upon the government and education of the people. The table shows that one periodical of some kind is printed for every three persons. With five persons to each family this will prove one of two things, either that there is more than one paper regularly printed and sold for every family or that the circulations as given are too high.

In the territory allotted to each publication, British Columbia outstrips all competitors with an average area of 38,833 square miles—an area slightly exceeding that of the State of Virginia. In the Territories the average area for each publication is 7,443 square miles, in Nevada 4,339 square miles, while in the District of Columbia the minimum is reached with barely 2 square miles. In the New England States, the average area ranges from 23 square miles in Massachusetts to 442 in Maine, in the Middle States from 43 in New York to 88 in Delaware, in the Western States from 70 in Ohio to 4,339 in Nevada, in the Southern States from 95 in Maryland to 1,976 in Florida, and in the Dominion of Canada from 215 in Prince Edward Island to 38,833 in British Columbia.

EXPLANATIONS.

CIRCULATION.

The circulation has been omitted in cases where a description of the publications did not appear in the last edition of the **DIRECTORY**.

Where no advertisements are taken for a publication, the matter of circulation, being unimportant, has been omitted, and the fact stated thus: "Does not insert advertisements."

In some instances, from local jealousies or other causes, the statements of publishers have been questioned, and in such cases, the affidavits have been called for, and when promptly furnished the figures are marked with a dagger, (†) which indicates that the affidavit is on file in this office. The star (*) against estimated circulations, indicates that a larger issue was claimed, but no affidavit was furnished in response to the application therefor.

Where publications are bought and circulated by persons and firms that advertise therein by means of descriptive articles in the reading columns, or devoted to the (almost) exclusive interests of any particular person or firm, or to the ventilation of any certain idea, or established solely as advertising schemes, embracing a class with circulations almost entirely gratuitous, they are termed "advertising sheets," and no circulation given.

ITALIC WORDS.

Where *italic* matter follows the description of a publication, it is by order of the publisher, and is paid for as an advertisement.

The publishers of the **DIRECTORY** assume no responsibility for any statements made in italic type, every publisher of a newspaper being allowed to print in that manner anything for which he is willing to pay the price demanded, viz.: *ten cents a word*.

○ ⊖ ⊕ ⊗ ††

Papers marked ○ will be found generally on the files of agencies entitled to receive them. Those marked ⊖ issue a table of rates. ⊕ or ⊗ indicate papers likely to respond in business-like terms to communications on business, and those marked ⊗ will generally be found willing to convey any information for which an advertiser is entitled to ask.

The absence of either mark need not of necessity prove the publisher wanting in the particular indicated. All the marks are indications of good.

The marks have been omitted in cases where a description of the publications did not appear in the last edition of the **DIRECTORY**.

†† Means that the Editor of the **DIRECTORY** at the time of going to press had no certain evidence that the paper so marked had suspended publication, but he was unable to secure any late issue.

ADVERTISEMENTS OF NEWSPAPERS.

American Newspaper Reporter.

PUBLISHED WEEKLY.

Has a considerable subscription list among printers. Goes weekly to more than 6,000 news paper offices. Receives a magnificent advertising patronage from dealers in printing materials. Contains weekly reports of the establishment of new newspapers (now averaging six daily, or thirty-six every week); suspensions, consolidations, enlargements, and improvements. Is relied upon by advertising agencies and all others whose business interests require them to keep informed upon newspaper changes. Advertisers who wish to make proposals to publishers—offering some book or other article in exchange for advertising—would do well to make a trial of its advertising columns. Those wishing to embark in journalism, either by the purchase of an established paper, or the selection of a location, will come in direct communication, through the REPORTER, with retiring publishers or corporations eager to have in their midst a home paper. Publishers retiring from active business will find no medium equal to the REPORTER in assisting them to find a purchaser for their offices and printing material. Every printer looks to it for advertisements of "Bargains," and not a copy is sent out that does not contain something choice in that line. Through its columns manufacturers of new machinery for printers can have a full descriptive article placed in every newspaper office in the country at a reasonable price. Offers an opportunity to the general advertiser who wishes to barter goods for advertising space. He can make his proposals to publishers through its columns.

Advertising Rates: Twenty-five cents a line, each insertion. 1-4 page is counted as fifty-three lines, and costs \$13 25 each insertion. 1-2 page is counted as one hundred, and costs \$25 each insertion. 1 page is counted as two hundred lines, and costs \$50 each insertion. 4 consecutive pages inserted once for \$100. 8 consecutive pages inserted once for \$150. 16 consecutive pages inserted once for \$250.

Inserts.—Inserts of a single leaf, furnished by the advertiser and printed in accordance with requirements made known on application, will be taken for \$50; two leaves (four pages), \$75; any number of pages more than four, \$100.

Subscription price: \$2 per year, in advance. Published by GEO. P. ROWELL & Co., Advertising Agents. Principal office: 41 Park Row, New York.

Advertiser's Gazette.

PUBLISHED WEEKLY.

A JOURNAL DEVOTED TO THE INTERESTS OF ADVERTISERS.

All persons who have made contracts through the Advertising Agency of GEO. P. ROWELL & Co. to the amount of \$10 are entitled to be classed as subscribers to the ADVERTISER'S GAZETTE without any further payment of subscription.

What the Advertiser Gains by Employing the Agency.—"What do I gain by going to the advertising agency in preference to appealing to the paper direct?" is the question most frequently propounded by the novice in advertising. The old advertiser, of undoubted responsibility, who knows the value of papers, their prices, how to secure the best display in the smallest space, and how to order insertions that the publisher will not extract a justification for an extra or increased charge, has nothing to gain by transacting his business through an agency except the convenience of making one transaction, verifying one account at one place, at one time, and paying one bill instead of many. Yet the old advertiser deals mainly through agencies for this reason, and the saving of time, stationery and postage. The advantages of the newspaper advertising agency to the advertiser, then, are these: Experience without cost; one contract instead of many; protection against unnecessary extra charges, and knowing in advance the price, beyond which an order will not be carried without his full knowledge and consent. Of those advertisers who believe that they can obtain the same net terms direct as would be accorded to the agency, we ask, is it reasonable that publishers should extend as good rates to an advertiser who expends \$5,000 a year as to an agent who forwards \$50,000 a month? If any one is to be pleased or catered to, is it not, under the circumstances, more likely to be the agent? Would eight thousand publishers contribute free their periodicals from year to year, the subscriptions upon which amount, taking dailies, weeklies, and all, to more than \$20,000 per annum, and then set about undermining the institution for the support of which they have paid so much? Is such a supposition reasonable? The truth is that between the best class of agencies and the publishers there is no competition. On any considerable order, the agent, by taking advantage of every point in the advertiser's favor, is *always* below the aggregate price obtained by application to publishers.

Terms: \$2 per year; single copies, 5 cents. Published by GEO. P. ROWELL & Co., Advertising Agents. Principal office: 41 Park Row, New York.

Western Postal Review.

POSTMASTERS' AND CLUB AGENTS' ASSISTANT.

PUBLISHED MONTHLY.....AT DWIGHT.....ILLINOIS.

H. A. KENYON, EDITOR AND PROPRIETOR.

Subscription, **Fifty Cents per Year.**

The REVIEW is a four-page paper, size of page 15½x22, and, as its title indicates, is devoted to the interests of the Postal Service, Postmasters, and others connected therewith, including also Publishers and News Agents. It will contain each month a general resume of the doings of the Post-Office Department in all its ramifications, and in full all Changes, Rulings, Appointments, General and Special Orders of the Postmaster-General, etc., etc., issued for the government of the service; also, a careful compilation of General Postal News.

OUR NEWSPAPER SUBSCRIPTION DEPARTMENT.

Another distinctive feature of the REVIEW is our Clubbing Agency. Probably four fifths of the Newspaper subscriptions of the country are taken by Postmasters and News Agents, who, in many cases, for the want of a sufficient number of subscribers to constitute a Club, are compelled to pay full rates or a high Club price. Our list comprises 400 of the leading publications of America, which we send singly to any address, anywhere, at low Club rates. This combination makes the REVIEW of two-fold value to those whose interests it is designed to serve. Special arrangements made with publishers to aid in extending their circulation.

Publishers offering premiums or other special inducements should not fail to notify us by letter. Our circulation reaches over 2,400 post-offices, and as an advertising medium is not excelled. A limited number of advertisements carried at reasonable rates. Specimen Copies Free. Address all communications to H. A. KENYON, Dwight, Illinois.

The Christian Cynosure.

A RELIGIOUS, UNDENOMINATIONAL, FAMILY JOURNAL, DEVOTED TO REFORM IN CHURCH AND STATE.

A Large Sixteen-Page Weekly at Two Dollars and Twenty Cents per Year.

OPPOSITION TO SECRET SOCIETIES THE PROMINENT OBJECT.

Secret societies swindle men out of their money, their freedom, and their Christianity. Their despotic rule is now felt in all our cities, towns, and villages.

THE "CHRISTIAN CYNOSURE"

teaches that God alone is Lord of the conscience, and hath left it free from the doctrines and commandments of men. That Christ is the only Lawgiver, and the Bible the only law in religion. Hence, all attempts to bind the conscience, even to good, by secret, and intimidating or solemn oaths, pledges, and ceremonies, are impious rivalships of the religion of Christ; and when salvation is promised by the human rites and precepts of such "orders," they are substitutes for the atonement, and attempts to cut the only connection between man and his Maker.

It maintains that secret centralized societies are in their nature different from and opposed to popular government, and that their oaths and extraordinary obligations should be suppressed by law; and that foresworn men are disqualified for jurors, and unfit to legislate or execute laws for a free people.

VALUABLE MISCELLANEOUS FAMILY READING, CHILDREN'S DEPARTMENT, RELIGIOUS AND GENERAL NEWS, MARKET REPORTS, ETC., ETC., ARE FOUND IN EVERY NUMBER.

The "Cynosure" is Mailed Weekly to Nearly all the States and Territories, and to Canada; Hence is a Valuable Medium for Advertisers.

Seventeenth Year of Publication!

THE LEADING AMERICAN HUMOROUS PERIODICAL.

THE great newspaper successes are almost always due to having some prominent distinguishing feature. The New York *Sun*, with its aggregate circulation of 216,000, gained it by its fearless warfare on what it considered public wrongs and political shortcomings, and by its wonderful system of giving all news without needless waste of words. The Portland *Transcript* for many years past has held a pre-eminent position as a vehicle of State news, and as a high-class literary paper, which features make it essential to all born or bred in Maine, and a welcome visitor wherever it finds its way. The *Signal*, of Babylon, Long Island, is a good example of a local paper pushed into large circulation by liberal use of correspondents in neighboring villages, and full corps of reporters to chronicle home happenings. Leslie's *Newspaper* made a remarkable hit by its illustrated exposure of swill milk business in great

cities, and has since been noted for its prompt publication of illustrations of all exciting and noteworthy events. The *COMIC MONTHLY* has for over sixteen years presented the humorous side of things, and has shown that there is something to laugh at every month in every year, and that there is ample support for a first-class journal of the kind, employing the best talent, literary and artistic, appealing to no impure or unworthy sentiment.

Besides its Specialties and Original Articles, the "Comic Monthly" gives the BEST Fun of the Current Month, from all Sources, so its Readers Secure the Very Cream of all Humorous Literature.

In our glances at the *COMIC MONTHLY* we are forced to confess that in our estimation of the relative value of agencies and institutions we have hitherto given the serious institutions of our land too great an amount of our approbation. Every sensible medical practitioner will tell us that we cannot overrate the value of a little diversion, and with many persons who are so obstinately affected with the blues the *COMIC MONTHLY* must be a salutary dose, whilst to the man who believes in the old adage of a little preventative being better than cure, these periodical visits must be regarded of considerable hygienic value. Nor is it alone on the individual health that our comic friends produce their beneficial effects. There are certain impositions which infest society, which can scarcely be dealt with by any serious argument, and yet which do a serious amount of damage. Such impositions can, and frequently do, receive from the magic pen of the caricaturist their death-blow at a single stroke.—*The Field, Chicago, Aug. 7, 1875.*

The *COMIC MONTHLY* is a New York publication, brimfull of fun and drollery, and profusely illustrated with comic engravings. It takes off fashionable follies in very effective style. It is a 16-page paper, price \$1 a year, and will make you laugh ten dollars worth at least.—*Enquirer, Columbus, Ga.*

THE "COMIC MONTHLY" MAY BE HAD OF ALL NEWSDEALERS AND ON ALL THE PRINCIPAL RAILROADS. IT IS THE PLEASANTEST COMPANION A TRAVELER CAN HAVE, AND ITS TYPE IS WELL ADAPTED TO READING ON THE CARS.

Terms:—TEN Cents per Copy; ONE Dollar per Annum, Postage Paid. No mail subscriptions wanted from any city or town where there is a newsdealer. **NO PREMIUMS; NO discounts to clubs; NO canvassers or club agents wanted.**

ADVERTISING has been admitted only recently, and will not be allowed to become a prominent feature. The *COMIC MONTHLY* has steadily grown in favor among those who have tried it, especially publishers and other of the best classes of business. We have always aimed to exclude fraudulent or trashy announcements, and everything objectionable in a paper designed for home perusal. The following advertising agencies receive advertisements for the *COMIC MONTHLY*: T. C. Evans, Boston; S. M. Pettengill, Boston and New York; Coe, Wetherill & Co., Philadelphia; Abbott & Co., New York; G. P. Rowell & Co., New York; Rowell & Chesman, St. Louis, and other responsible houses.

DEVOTED EXCLUSIVELY TO THE INTERESTS OF THE CONFECTIONER AND BAKER.

Published Monthly (26 pages) at 113 South 4th St., PHILADELPHIA, PA.

SUBSCRIPTION PRICE, \$2 PER YEAR.

To Advertisers.—The value of the CONFECTIONERS' JOURNAL as an Advertising Medium is now fully acknowledged. Having placed the paper in the first rank of commercial journals, it is our intention to make it a necessity to every Confectioner and Baker in America. As the paper is read for a specific purpose—information as to prices, etc., and a guide where to purchase, and as it has already become an invaluable assistant to the Confectioner and Baker in the conduct of his business—its value as a trustworthy and efficient advertising medium must be apparent. Each and every one directly and indirectly interested in sugar and its product can at once see the advantage of bringing their business directly before the consumer of their wares—we especially call the attention outside of the Confectioner proper to Importers of Fruits, Fancy Cake and Cracker Bakers, Sugar Refiners, Flour Mills, Starch Manufacturers, Dealers and Manufacturers of Flavoring Extracts and Essences, Manufacturers of Glass Show Cases, Jars, Bottles and Counter Glassware, Manufacturers of Ice Cream Freezers, Confectioners' Tools, Moulds, Utensils, Scales, Fancy and appropriate Boxes, Labels, Paper, Twine, &c., &c.

THE CIRCULATION OF THE "TROY WEEKLY TIMES" AT EACH POST OFFICE IN RENSSELAER COUNTY, IS EQUAL TO THE NUMBER OF FAMILIES RECEIVING MAIL MATTER.

ADVERTISE IN THE BEST.

A dealer can make no better investment than in the advertising columns of a largely circulated newspaper. The TROY DAILY TIMES circulates fully SIX THOUSAND FIVE HUNDRED more papers than any other Journal within a radius of ten miles around Troy, and it is safe to say there are not two hundred persons within this limit (who take any other paper) that do not take the TIMES. Twenty-five dollars will do a power of advertising in the TIMES. It will communicate any fact to all households in Troy, West Troy, Cohoes, Green Island, Waterford, Lansingburgh, and all villages along the lines of railroads running out of Troy. If a dealer can offer inducements to the public, one announcement in a conspicuous column of the TIMES will communicate the fact to nearly ONE HUNDRED THOUSAND PEOPLE; and in no other way can the same publicity be gained for TWENTY TIMES THE AMOUNT.

MANCHESTER, N. H.,

Is the fifty-fifth city in population in the United States, according to the last census,—larger than any other two cities in New Hampshire. It is fifty-two miles from Boston, and is devoted to manufacturing. Its corporations employ nine thousand persons and have a monthly pay-roll of THREE HUNDRED AND ELEVEN THOUSAND DOLLARS. They use every year twenty-six thousand one hundred tons of coal, eight thousand cords of wood, and about thirty million feet of gas. The mills have about three hundred thousand spindles and make *one hundred and forty-three miles of cloth a day*. The Manchester Locomotive Works can turn out fourteen locomotives a month, and the Amoskeag Manufacturing Company fifty steam fire-engines a year.

THE TWO LEADING NEWSPAPERS IN MANCHESTER ARE THE

Mirror and Farmer,
 PUBLISHED WEEKLY,
 AND THE
Mirror and American,
 PUBLISHED DAILY.

JOHN B. CLARKE.....EDITOR AND PROPRIETOR.

THE FARMER is an eight-page paper of forty-eight columns, published every Saturday, and is the only agricultural paper published in the State. It is, in fact, two papers in one, a Farming paper and a News paper, employing a large number of correspondents.

Its circulation is greater than that of all the other nine weekly papers published in Hillsborough County combined, and **no week during 1875 was there issued less than 13,080 copies**. It reaches, by clubs of from ten to five hundred, all the towns, villages and cities of the State, and goes largely into Vermont, and to some extent into all the other States.

It is a perfect medium for advertising in New Hampshire, and its rates are very low, being *about three-fourths of a cent a line for every thousand circulation*.

Read the Following from "Crofutt's Western World."

Crofutt's Western World, published in New York, by George A. Crofutt, whose prospectus appeared in our columns a few weeks since, to which we called attention, advising our readers to send for a copy, says:

"*Thanks, friend Clarke. Your readers have sent for them, to the number of nearly a thousand; and I am only doing your paper justice when I say the little advertisement that appeared in its columns did me more good than the same in sixteen other newspapers claiming a circulation of over 1,200,000 copies combined—more good, I say, than all the rest together. When I advertise, the MIRROR will be my first choice.*"

Subscription Price, \$1 50, Invariably in Advance.

THE DAILY

Has three editions each day, and is the leading daily in the State, read generally by the city, and sold on the cars on the various railroads, and in the cities of Portsmouth, Nashua,

Subscription Price, - - - - - Six Dollars.

Advertisements in **Mirror and Farmer**, 10 cents per line of space, each insertion, or \$1 20 an inch, or \$45 00 an inch a year. In **Daily**, the same for one insertion; three insertions, \$2 25; one week, \$3 37; one year, \$30 00. No advertisements taken for less than \$1 00.

No double-column advertisements inserted. *No extra charge for cuts, but they must be on solid metal body.* Specimen copies sent free on application.

Hughesville Enterprise.

— DEMOCRATIC. —

HUGHESVILLE.....LYCOMING COUNTY.....PENNSYLVANIA.

Hughesville is a town of near 1,000 population; is the terminus of the Muncy Creek railroad—a railroad running through the great hard wood country of Pennsylvania; contains three bedstead manufactories, three foundries, two manufactories of bent stuff, besides several other small manufacturing establishments. It is located in the heart of Muncy Valley, one of the best agricultural sections in the State. The Muncy Valley Farmers' Club—of which the editor of the ENTERPRISE is Secretary—is an organization comprising as members the farmers of this valley, and as the ENTERPRISE has its circulation almost entirely among this class, it is a good medium through which to reach the farmers of this section. The ENTERPRISE is the only paper in the lower end of Lycoming county **not** printed on the co-operative plan. The population of the lower end—taking it from the vote polled at the last election—amounts to 20,000. Advertisements well displayed, and frequent attention called to them through the local columns.

NATIONAL STOCK YARDS, ILLINOIS.

THE REPORTER is circulated in Texas, Colorado, Indian Territory, Kansas, Missouri, Nebraska, Iowa, and Illinois; also in Kentucky, Indiana, Ohio, etc.

THE REPORTER is *not* a local paper, and gives no news of a local character in the place of publication. It is not a political paper—the proprietors rejecting all matter regarding the political questions and issues of the day from its columns. It is not a *news* paper, believing that the daily press and the county papers keep its readers posted in regard to current events.

THE REPORTER is published every Friday morning. Its columns contain receipts and sales of live stock for the six preceding days; the condition of the live stock market at St. Louis; a short synopsis of eastern stock markets; live stock freight rates, and a choice selection of fire-side reading and useful information. Its readers embrace merchants, bankers, drovers, and the farmers throughout the West and South-west, and as an advertising medium for the wholesale merchants, manufacturers, and dealers in agricultural implements and machinery, and breeders of blooded and fine live stock, it is unsurpassed.

THE REPORTER is one of the most desirable advertising mediums in the West. Advertisements admitted to its columns must be from responsible parties, otherwise they will be rejected.

THE ADVOCATE OF NON-SECTARIANISM IN OUR COMMON SCHOOL SYSTEM.

Protects the Rights of Working Men and Women.

MAKES THE PEOPLE ACQUAINTED WITH OPPRESSORS AND OPPRESSIONS.

THE FEARLESS ADVOCATE OF THE PEOPLE'S RIGHTS.

Not to be misunderstood, the EVENING EXPRESS takes the broad ground that the CIVIL and RELIGIOUS LIBERTIES of the United States are altogether dependent on the continued predominance of PROTESTANTISM, and that this country, like England, must be outspoken, on that subject, or else submit to a dynasty which is radically despotic, and inimical to everything which gives grandeur to the American as a man, a husband, a father, a citizen, and a religionist. At the same time the EXPRESS interferes with no man's religious belief, but opposes any effort, by whomsoever made, to undermine the status of the American citizen. It contains all the news of the day, both foreign and domestic, and the public will find it a paper reliable and solid in every particular. The EXPRESS is served by Responsible Carriers in all parts of the city.

The excellence of the SUFFOLK COUNTY JOURNAL as a paper for the home is fully recognized. It also gives carefully prepared reports of Concerts and Musical Soirees, and the Movements of Musicians. Articles on Fashions prepared by an expert. Editorial Comments on the Events of the Day. First-class Stories, original and selected, and carefully prepared Miscellany and Poems. The large and constantly increasing circulation which the JOURNAL enjoys is a guarantee that the untiring efforts of the publishers to furnish a paper eminently worthy of the public patronage are appreciated. There are also reasons why it is one of the very best mediums for advertising; and that this fact is appreciated, the appearance of our advertising columns, filled with the highest class of business and professional announcements, will testify. Published at **Sioux Falls, Minnehaha County, Dakota Territory**, by MCDONALD & WHITE: C. W. MCDONALD, T. J. WHITE. The INDEPENDENT is not what so many Western papers are, publications issued with just sufficient regularity to secure the bonus promised by the people, but since its establishment in May, 1873, has not missed a single week's issue. It was not started for or with a bonus, but like other business enterprises—to supply a need, be of use, and make a living for the publishers. It does not claim 15,000 or 20,000 copies circulation on the frontier, but is the best advertising medium in the Big Sioux Valley. It prints two editions—one wholly at home, the other with patent pages for those who cannot afford to take but one paper, and yet want a large amount of reading matter. **Subscription \$2 a year in Advance.** Business letters promptly answered. The Oread,

OF THE MOUNT CARROLL SEMINARY,

Is published by the OREAD SOCIETY of the Institution. It is a twenty-two-page quarto, with a circulation of two thousand extra issues being made for gratuitous circulation at different periods of the year. **As an Advertising Medium**, educational and college journals are rapidly gaining the position merited. "No other periodicals are so thoroughly read, none are so carefully preserved and so often referred to as these; and the advertisements are carefully examined, and reaching, as they do, the families of the most intelligent and cultivated classes, the advertisements gain a conspicuity not to be found in any other equally large line of journals published in the world."

The large class of teachers who are interested in school journals makes the advertising space especially desirable to publishers and dealers in school apparatus.

This Institution was incorporated in 1852. Of it, says Rev J. A. Smith, D. D., of Chicago: "We feel warranted in pronouncing this school, for all the highest purposes of an education, one of the best in our knowledge. * * * We regard it as unsurpassed in the West, whether as respects the judiciousness of the discipline or the substantial value of the instruction."

The OREAD, as the organ of an institution twenty-two years old, has a circulation far superior to local papers, as it goes to the old students, scattered to nearly every State in the Union, from Maine to Oregon and California, and from Minnesota to Texas, giving it superior value as an advertising medium.

Of MAYHEW'S UNIVERSITY BOOKKEEPING, the OHIO BUSINESS COLLEGE says: "It has a greater variety of adaptation than any other text-book on business education ever published. With it also is connected the most complete Actual Business Practice ever introduced into Business Colleges, and the only one ever awarded letters-patent in the United States." And so say others. From the Resolutions adopted by the State Convention of School Commissioners and Superintendents, Rochester, N. Y., Dec. 30, 1875.

RESOLVED, That THE SCHOOL BULLETIN is worthy of and should receive the earnest support of all who have the best interests of education at heart.

A NEWSPAPER: NOT A VIEWS-PAPER.

The School Bulletin

AND NEW YORK STATE EDUCATIONAL JOURNAL.

Illustrated; Sixteen to Twenty-four Pages; Monthly; \$1 a Year.

THE SCHOOL BULLETIN inaugurates a new era in educational journalism, aiming to be not a magazine, but a newspaper; to deal not with theories, but with facts; to present not papers and addresses, but accurate and condensed statistics, reports, and descriptions of *existing* systems, schools, buildings, methods. In short, by presenting what every teacher ought to know and can here most easily learn, it aims to be indispensable to every thinking educator. Among its prominent features are these:

STATE NEWS.—Under this head is grouped whatever incidents of importance in the educational history of the States and Territories have been gleaned during the month. The BULLETIN has increasing facilities for making this department remarkable for the promptness and fullness of its items. An *Educational Directory, CORRECTED MONTHLY, gives the addresses of all important State, County and Local School Officers and Principals. For this department alone, every publishing house in the United States should subscribe for the SCHOOL BULLETIN.*

COLLEGE NOTES.—In like manner a page is given to news from the colleges scattered through the land. Resignations, appointments and deaths among college officers are recorded, and items of general interest are gathered, condensed and classified.

CENTENNIAL HISTORY.—As we reach one by one the hundredth anniversary of the prominent steps in achieving American independence, each will be treated of in illustrated articles prepared expressly for this journal. In the October number was given a description of the Battle of Quebec, with the events just preceding.

SCHOOL LAW.—Considerable space will be devoted to School Law, including the statute laws of the various States, and discussions regarding disputed points of common law in its application to school management. Thus, in the number for June, 1874, was given not only the Wisconsin Decision upon Parents' Control of their Children's Studies, but the opinions upon it of superintendents Bateman, E. E. White, Pradt, F. S. Williams, Wickersham, Kiddle, Philbrick, Harris, Conant, Stockwell, Apgar, Newell, C. S. Smart, J. H. Smart, Briggs, Abernethy, Etter, Trousdale and Burt.

SCHOOL ARCHITECTURE.—Under this head are given full illustrations of typical school-buildings in all parts of the country, with remarks by the school-officers as to such advantages and defects as experience has revealed.

EXAMINATION PAPERS.—Under this head the BULLETIN presents monthly from two to eight sets of twenty questions each upon the various studies of the ordinary curriculum. Each of these sets present the questions actually given upon some definite occasion, and thus affords a standard for comparing courses of study in various parts of the world.

THE BULLETIN will strive to be a thesaurus of fresh and valuable information to teachers throughout the United States, and it solicits subscriptions and news items from teachers everywhere.

What is said of the SCHOOL BULLETIN by City and State Superintendents:

Spicy and sound too, I think.—*Hon. John D. Philbrick, Boston.* It contains many able articles.—*Hon. J. W. Simonds, New Hampshire.* Have read it with great interest.—*Hon. J. K. Jillson, South Carolina.* Very much interested in your discussion of school-law.—*Hon. S. M. Etter, Illinois.* OF ITS NEWS-COLUMNS: A news-paper, not a views-paper.—*Rev. F. S. Jewell, Ph. D.* Have never seen them so full and perfect.—*J. Dorman Steele, Ph. D.* Worth many times the price of subscription.—*J. M. Coague.* Nothing approaching it in completeness ever attempted before in any State.—*Jerome Allen.* It is now the educational journal of New York State.—*N. England Journal of Education.*

IS DEVOTED TO ADVOCATING THE GENERAL INTERESTS OF THE COUNTY AT LARGE, THE TOPICS OF THE DAY, LITERATURE, AND GENERAL NEWS.

Having started three years ago with the determination to be independent in politics, we will continue to occupy that position towards the two great parties of the country, freely giving our support to good measures and condemning the bad.

Everything good in our noble Constitution we would conserve, and eradicate what is bad. To give correct views of the political parties who alternately rule this Dominion, we hold it essentially necessary for the newspaper press to be thoroughly independent.

From JUDGE SHARSWOOD.

PHILADELPHIA, Dec. 10, 1875.

My Dear Sir: * * * I have been looking into the numbers of the NEW YORK WEEKLY DIGEST from time to time as they have reached me, with great interest and benefit. The work is invaluable—nay, indispensable—to the active practitioner, not only in New York, but elsewhere, in enabling him to keep up with the current of the decisions of the great Commercial Empire State. To know at the very earliest moment what has been decided, and to have that information in the most accurate and reliable form, can only be appreciated by one who feels the daily need of such a work. I think the NEW YORK WEEKLY DIGEST fully comes up to all that is required, and I cannot doubt that it will have a very wide and increasing circulation.

Very truly yours,

FOREIGN AGENCY.

F. ALGER, 8 Clement's Lane, Lombard Street, London, England.

It is the only agricultural paper published in Pennsylvania. Two editions are published simultaneously—New York and Philadelphia—and advertisers get the benefit of both editions.

It is the Official Organ of the Centennial Bureau of Agriculture.

It has a real and *bona fide* circulation among the largest and most reliable farmers and business men in town and country, many of whom take no other agricultural paper. It is published in convenient size and shape for binding, so that every advertisement appears in a permanent form before its readers, which probably number not less than 100,000 persons, as a majority of the copies go to several families. The publishers are always careful to exclude all unreliable men and articles, which is a guarantee to its readers that they will not be swindled, and for that reason they are more ready to patronize the advertisers who appear in its columns. The proprietors of the PRACTICAL FARMER are not connected, either directly or indirectly, with any firm engaged in the manufacture of agricultural implements, farm machinery, fertilizers, etc., and maintain the same advertising rates to all. It is national in its character, and is just as valuable to advertisers in New England, Southern, South-Western, and Western States as in New York or Pennsylvania.

Being published at the point of crossing of the Houston and Texas Central, and the Texas and Pacific Railways—the two grand trunk railways of the State, in a young city, which is rapidly and steadily growing in importance and population, now estimated at 15,000 souls—the HERALD presents the very best advertising medium to be found in Texas. The Enterprise and Chronicle.

TRINIDAD, COLORADO.

A WEEKLY DEVOTED TO HOME INTERESTS AND THE MATERIAL IMPROVEMENT OF LAS ANIMAS COUNTY.

Believing that a newspaper should keep pace with and move in the van of the growth and improvement of a new section of country, the publishers of the ENTERPRISE AND CHRONICLE have during the past year enlarged their paper to a thirty-two-column sheet, 26x40 inches, and by this means have awakened in the advertising world a larger degree of interest in their publication, while at the same time they are enabled to place before their subscribers almost doubled the amount of reading matter contained in a six-column sheet.

WE INVITE ATTENTION TO THE COAL FIELDS OF TRINIDAD. THE RICH MINERAL DEPOSITS OF SOUTHERN COLORADO,

Well known to men of capital and enterprise throughout the United States and Europe, still remains one of the chief inducements to emigration to our young Territory (soon to become a State), and the ENTERPRISE AND CHRONICLE has ever been industriously laboring to bring into a deserved prominence the rich mineral and most excellent coal, as well as the agricultural and pastoral advantages of Las Animas county.

The Population of this section of country is increasing with wonderful rapidity, and our paper is fast becoming a popular advertising medium, and subscriptions are pouring in from all quarters with countless letters of inquiry, awakened by the publication of facts concerning Trinidad in the columns of the ENTERPRISE AND CHRONICLE. **Those desiring to emigrate** or to advertise in this region will do well to send for sample copies of our paper, subscribe for it, and keep posted as regards this locality. IMPORTANT TO ADVERTISERS.

WHY IT IS THE BEST MEDIUM IN NEW ENGLAND TO REACH ALL CLASSES:

I. It is the ONLY independent, unsectarian religious paper in New England, and has a very large and rapidly-increasing circulation among all denominations, as well as among those who never think of taking an ordinary "organ," besides an unprecedented sale from newstands, on the cars, &c., &c.

II. The paper is the handsomest and best printed in the country, thereby giving the advertisements a double value by their beauty and attractiveness.

III. The advertising space is limited, so that every advertisement appears on a page with reading and editorial matter.

IV. The character of the advertisements is carefully watched, so that no danger occurs of being in bad company.

V. Its several strong departments—Religious, Political, Musical, Agricultural, Literary, News, and Reviews, carry it to all classes of readers.

VI. The paper is not thrown away as soon as read, but is kept in the family week by week, both for its literary value, and on account of Mr. Murray's sermons, which are preserved for binding.

VII. The circulation in all parts of the country is largely among the liberal, progressive, cultured classes—people with means to gratify their wants.

TERMS :

Throughout the United States, Postage paid, per Annum, \$9 40. Six
Months' Subscription, Postage paid, \$5.

This paper has long been recognized, not only as the oldest, but the most correct and reliable of all similar publications in this city, giving the earliest and best information required by business men, without any admixture of irrelevant matter. In its columns are found editorials on every subject relating to the trade and commerce of this and foreign countries. A thorough resume of the financial and business aspects of the times; and an intelligent summary of commercial news from every quarter or the globe. Our market reports give a very comprehensive review of the trade of New York, embracing almost every article of merchandise known in commercial circles, including ashes, drugs and dyes, paints and oils, cotton, wool, groceries, bread stuffs, provisions, furs and skins, fruits, spices, metals, paper, hardware, freights, earthenware, cattle market, various other manufactured and unmanufactured articles. Also reports of groceries, drugs, fruits, spices, metals, &c., in neighboring and foreign markets. A list of vessels in port more complete and perfect in its details than any other published in this city. In the ship news department we have recently introduced a new feature which commends itself to all interested in vessels or cargoes, viz., a list of all vessels sailed from, or loading at, foreign ports for the principal ports in the United States, received by ocean cables from the prominent ports of Europe, &c., and by mail from those of minor importance. Annual statements of the crops and trade in cotton, sugar, coffee, molasses, naval stores, petroleum, tobacco, tea, hemp, hides, &c., &c., receipts, exports, stocks, and consumption of cotton, provisions, bread stuffs, and other merchandise. A list of prices current of nearly every article of merchandise in the market, of domestic or foreign production, carefully revised and corrected. Imports at New York, foreign and coastwise. Custom-House entries and withdrawals; the daily entries of drugs, oils, paints, colors, dyewoods, &c.; and entries and withdrawals, monthly, from the Custom-House of coffee, tea, molasses, sugar, spices, &c., &c. Exports from this and other leading ports of the country, including the Pacific Coast, as well as from foreign ports to the United States; together with a great variety of commercial matter, original and selected, of interest and value to every business man, either in this or foreign countries. Our annual statements of sugar, coffee, molasses, petroleum, naval stores, &c., are standard authority all over the world, no other having ever come into competition with them; and our semi-weekly review of the market has had a longer existence, and obtained a more wide-spread reputation for its absolute correctness and reliability, than any other publication of its class. The gentlemen engaged in the management of the paper have devoted their undivided attention to it for the past thirty to forty years, and claim a thorough acquaintance with the wants of the mercantile community, as well as their ability to supply them. As an advertising medium for our merchants, bankers, shipowners, and trading classes generally, we have no superior, as our circulation is large and the paper is found in every city, town and village in the United States, as well as in all the leading centers of Europe, and the ports of India, China, South America, and the West Indies, wherever commerce has foothold.

WHAT THE PAPER IS.

IT IS A SIXTEEN-PAGE WEEKLY NEWSPAPER. IT STANDS IN THE FIRST RANK OF AMERICAN JOURNALS, BOTH IN POINT OF CHARACTER AND CIRCULATION.

It is NOT a Children's Paper, as the Name might seem to Indicate; but is for Pastors Superintendents, Teachers, and Christian Families. It contains the Choicest Family Reading, together with Lesson Helps for Sunday School Teachers.

WHERE IT GOES.

Few religious newspapers in the United States have so large a circulation. It reaches all Christian denominations in every State and Territory—in fact, in every principal city and town in the land. It goes to the very best class of families from Maine to California. Its circulation far exceeds that of any other religious paper in Philadelphia.

A SPECIAL ADVANTAGE.

That its lesson notes may reach subscribers seasonably on the Pacific Coast and in Europe, they are published two weeks in advance. Therefore, instead of being hurriedly read and thrown away, as many other papers are, this paper is kept before the family for reference at least two weeks. The card of an advertiser is in consequence not only seen once but **many times**.

THREE CONCLUSIONS.

Whoever would reach the Sunday School workers of this country, to tell them of Sunday School helps and appliances, should use the columns of THE SUNDAY SCHOOL TIMES.

Whoever would send word into the choicest homes of every State and Territory in the United States, to give information of any desirable article of manufacture or trade, can best do so through the agency of THE SUNDAY SCHOOL TIMES.

Whoever would secure the services of young men or young women, to act as agents for the introduction of the best new inventions, or as canvassers for the sale of good publications throughout the country, can find no better means of communication with them than is offered in THE SUNDAY SCHOOL TIMES.

PUBLISHED MONTHLY IN NEW YORK, ON THE EVE OF THE SAILING OF THE
REGULAR MONTHLY PACKETS OF THE ST. THOMAS AND BRAZIL LINE.

This Paper Circulates Principally in Brazil.

"It is one of the handsomest papers published, its illustrations being fine, large and exquisitely printed."—*The Boston Post*.

"O NOVO MUNDO continues to deserve the highest commendation. Its influence cannot fail to be in the highest degree salutary in promoting a kindly intercourse with Brazil, by making its people acquainted with the resources and progress of the United States."—*The Evening Post, N. Y.*

"The illustrated Portuguese paper, O NOVO MUNDO, which is published monthly for dissemination in South America, is doing exceedingly good work. Its selections of illustrations are admirable, and it has the mission in its reading matter of increasing the knowledge of this Con-

Business men desirous of introducing their most desirable Advertising Medium.

continent, and cultivating friendly relations between us and Brazil."—*The Evening Mail, N. Y.*

"We must pronounce O NOVO MUNDO a very respectable enterprise, abreast of the times, and ably edited. That it will be a valuable medium for spreading still further knowledge in Brazil of the products of American invention and skill, already so popular there, we have no doubt."—*The Nation, N. Y.*

"Without being asked, we venture to recommend, as we have done already more than once, O NOVO MUNDO, the illustrated Portuguese (Brazilian) newspaper, whose office is in the Times building. It has, by the way, entered upon its second year. Its editorial articles are numerous, thoughtful, enlightened, and in the best sense of the term religious."—*The Nation, N. Y.*

wares to Brazil, will find O NOVO MUNDO the

El Mundo Nuevo-America Ilustrada.

AN ILLUSTRATED JOURNAL IN THE SPANISH LANGUAGE.

PUBLISHED SEMI-MONTHLY, ON THE EVE OF THE SAILING OF THE REGULAR
SOUTH AMERICAN PACKETS.

"LA AMERICA ILUSTRADA is the name of a new illustrated paper, published by J. C. Rodrigues, New York. It is published in the Spanish language, tri-monthly, on the eve of the sailing of the South American packets, for circulation in the Spanish-speaking countries to the south of us. The second number has just been issued, containing fine engravings and excellent reading that cannot fail to make it a popular success. It compares favorably with any of our American productions."—*The Boston Post*.

"LA AMERICA ILUSTRADA is the title of an illustrated Spanish Journal published in New York. The first number is before us, and we must confess that for richness and variety of engravings, typographical neatness and general appearance, it surpasses any of the illustrated Eastern weeklies published in English. The tropical and Oriental artistic sketches have great warmth and life-like power. As a literary journal, LA AMERICA ILUSTRADA takes high rank. Among its special contributors are such eminent Spanish-American writers as Senora Juana Manso, member of the Committee of Public Instruction of Buenos Ayres—a noble woman, whose labors have been incessant in the cause of popular education; Hon. Antonio Flores, Minister of Ecuador in Washington; Professor Mantilla, of New York University; Don Jose Antonio Calcano, a member of the Spanish Academy, and the most distinguished of South American poets. Other writers of no less distinction contribute to its columns. This new journal covers the fields of literature, philosophy, politics, education, arts, science and commerce, and has for its special object the diffusion among Latin-Americans of those politi-

cal and social principles which have raised the United States to its actual splendor.' Not only Spanish-Americans, but every person speaking the rich, beautiful and vigorous Spanish language, will find LA AMERICA ILUSTRADA a fountain of intellectual wealth and artistic beauty."—*San Francisco News Letter*.

"Perhaps the most elegantly-printed newspapers in America are O NOVO MUNDO, a Portuguese illustrated monthly, published by J. C. Rodrigues, New York, for the Brazilian public, as well as for readers of Portuguese here; and a Spanish tri-monthly, LA AMERICA ILUSTRADA, of the same size and general character, and published by the same firm, for the Spanish-speaking Americans. Both use the plates of engravings designed for European and American illustrated papers; for instance, THE NEW WORLD of February 23, has the fine portrait of Charles Sumner, that appeared originally in *Every Saturday*, as well as a larger portrait of the Brazilian Viscount of Itaboraity; and ILLUSTRATED AMERICA, of February 29, has an English head of Gladstone, and an American one of Bryant. The editorial contents of both papers are more than respectable, and in the Spanish one much space is given to poetry and literature. We notice there a paper on the famous romance of chivalry, 'Tirante, the White,' ironically complimented by Cervantes. The Spanish journal contains also a letter from Donna Juana Manso, at Buenos Ayres, and verses by two Cuban poets and a Venezuelan. The Portuguese journal (Brazilian rather), gives much space to the quarrel between England and the United States."—*Springfield Republican*.

JOHN A. HENRY, EDITOR AND PROPRIETOR.

A peculiar feature of the GAZETTE is that as a *neighborhood paper* it perhaps is not excelled by any county journal in the whole country. It is the only paper in the county, and is eagerly read by the firesides of a staunch and industrious rural population. Advertisers cannot so directly or quickly reach the county population by any other means. It has the confidence and patronage of its county people, and therefore can better introduce advertisers to them than any sheet published abroad. Rates, 50 cents per inch, each insertion.

"The Daily Graphic" is an Eight-page Paper, Published Every Afternoon (three editions) in Time for Early Mails to all Parts of the Country.

It has a larger average circulation—more copies printed and sold each day—than any other afternoon paper in New York, excepting only the (penny) *News*.

IT IS A GREAT NEWSPAPER, AS WELL AS THE ONLY ILLUSTRATED DAILY PAPER. IT HAS SPECIAL CORRESPONDENTS EVERYWHERE, AND IT HAS A LARGER STAFF OF WRITERS AND NEWS-GATHERERS THAN ANY OTHER AFTERNOON PAPER IN NEW YORK.

It is Preserved for Binding by Hundreds of its Readers in City and Country. The Annual Subscriber gets a Pictorial History of the Year, a Volume of Twenty-four Hundred Pages, Constituting a Valuable Record of Events and a Graphic Panorama of Our Time and Progress.

THE CIRCULATION OF THE "GRAPHIC."

We have few subscribers to some of the New York evening papers, but THE DAILY GRAPHIC'S sales are as a hundred to one of any of them; in fact, it is the only New York evening paper we sell from the counter. HENRY TAYLOR, Manager Baltimore News Company, Baltimore, Md.

THE DAILY GRAPHIC sells better with us than all the rest of the New York dailies put together. CHARLES N. PAYER, Manager Cincinnati News Company, Cincinnati, O.

THE GRAPHIC is the only New York evening paper sold here.

GEER & POND, Hartford, Conn.

THE GRAPHIC stands very well with other dailies. It is the only evening New York daily received. POWERS PAPER COMPANY, Springfield, Mass.

I sell more copies of THE DAILY GRAPHIC than of any other New York paper except the *Herald*, and it is just about an even thing between them. I sell no other New York evening paper. JOHN C. TAYLOR, Springfield, Mass.

[Summit (Miss.) Sentinel.]

It is truly astonishing how rapidly this illustrated daily has increased in circulation, and become so popular with the Southern people within the last few months. It is received in almost every household in the country. It is edited with marked ability, and a great many papers clip from it extensively.

[Napa City, (Cal.) Reporter.]

THE DAILY GRAPHIC is to be found on news stands all over the Union.

[Bridgeport (Ct.) Standard.]

Nothing in the line of an authentic pictorial record of the times ever approached THE GRAPHIC in enterprise or success.

[Whitewater (Wis.) Register.]

Take the week through and there is no daily paper which gives a man his money's worth more thoroughly than THE GRAPHIC.

[The New York Herald.]

THE DAILY GRAPHIC has worked its way to permanence and success.

[The Nation.]

To a great many families it can hardly come too often in coming once a day.

The Prairie Farmer.

The ablest and best established agricultural journal in the West; is published with special reference to meeting the wants of the industrial people of the West, and, therefore, more nearly interests this class than any other journal published at the East or West.

While **The Prairie Farmer** has by far the largest circulation of any agricultural paper issued West of New York, it is more thoroughly read and more carefully preserved by Western men than any Eastern journal.

Its circulation is distributed among the most intelligent, enterprising and thrifty farmers and industrial people, who are able to buy and will buy the best of everything that their business or other necessities require.

The Prairie Farmer, in advertising, exercises the right to discriminate between the valuable and the worthless, receiving no advertisement that would do discredit to its columns, but only such as may be of interest and use to its patrons.

The Prairie Farmer is published *weekly*, with clear type, on good paper, and for neatness of appearance stands unrivalled by any journal in the country.

THE GREAT HARD TIMES PAPER!

UNQUALIFIED SUCCESS OF

The Cricket on the Hearth**UNDER OUR MANAGEMENT.****IMPORTANT TO ADVERTISERS!**

THE CRICKET ON THE HEARTH, the publication of which was revived by F. M. Lupton & Co., 37 Park Row, New York, in December, 1875, has met with the most gratifying and unqualified success—a success almost surprising in the present prostrate condition of financial affairs. The secret lies, not only in the unexampled cheapness of the paper, but more especially in its intrinsic excellence. In response to our advertisements, which appeared in over nine hundred of the best periodicals of this country, came orders by thousands for specimen copies of the CRICKET.

No sooner seen than appreciated, subscriptions then came pouring in upon us, accompanied with the most flattering testimonials of appreciation. At this time of writing, January 10th, 1876, the actual paying subscription list of THE CRICKET ON THE HEARTH is increasing at the rate of over two hundred copies daily, and the indications are that our circulation will reach 25,000 by the 1st of March. Advertisements will be inserted at the very reasonable rate of

FIFTEEN CENTS PER LINE.

We call the attention of advertisers to the fact that the circulation of THE CRICKET ON THE HEARTH was attained solely and exclusively by advertising, and its readers are therefore, from the nature of things, that class of people who read and answer advertisements. It circulates in every State and Territory in the Union, but almost exclusively in the country, and to those advertisers who deal by mail, as well as those who desire in any way to bring their goods before the public, it offers a superior medium. It is a MONTHLY, and is proportionately more valuable than a weekly, inasmuch as, being issued less frequently, it is kept before its readers for a longer time. It is pasted at the back and the leaves cut by machinery, thereby giving the advertising pages the desired prominence; a limited number of advertisements only are inserted, and reading matter is placed upon every page.

THE CRICKET ON THE HEARTH is a mammoth 16-page, 64-column paper (size of *Harper's Weekly*), handsomely printed, profusely illustrated, and filled with the choicest reading for old and young. It contains splendid continued and short stories, sketches, poems, wit and humor, useful knowledge, valuable receipts, "Farm and Household," "Hygienic," "Popular Songs," Games, Puzzles, etc., etc. It is emphatically a **paper for everybody**, and gives more for the money than any other. The price is

ONLY ONE DOLLAR A YEAR,

and to every subscriber is presented our new and elegant premium, "GEMS OF AMERICAN ART," a mammoth portfolio containing six large and exquisite engravings. It is enough to say of this premium that it was executed for us by the Aldine Company, and that the illustrations are perfect transcripts of the largest and finest that ever appeared in *The Aldine*. This portfolio is certainly worth not less than two dollars. **Price of Paper, without Premium, Seventy-five Cents a Year.**

The Sunday Citizen.

PUBLISHED EVERY SUNDAY MORNING AT

No. 59 WARREN STREET.....NEW YORK CITY.

LAWRENCE S. KANE, PROPRIETOR.

This Old-Established Irish-American Weekly begins the Centennial Year with Renewed Vigor and Brighter Prospects than Ever Before.

It will appear hereafter in a NEW DRESS OF TYPE, with a magnificent NEW HEAD, designed and engraved by one of the first artists in the city.

In each number will be printed a SPLENDID ILLUSTRATION of a kind that will be well worth cutting out, pasting on card-board, and framing.

The weekly NEWS FROM HOME will be made a distinguishing feature. It will be fuller, fresher, and better arranged than has ever before been known in America. To that end I have doubled my means of obtaining information in Ireland, and I have secured the services of the ablest editor of that special line of news in this country. Nothing that occurs anywhere in the Old Country will escape his attention.

Beginning with the issue of December 29, 1875, a thrilling ORIGINAL SERIAL STORY OF IRISH LIFE, entitled, "HEARTS AND HEARTHS, or the Love of a True Woman," written expressly for the CITIZEN by a distinguished author, will be published from week to week until finished, when another equally interesting serial will be substituted.

A side-splitting "LECTURE" by PATRICIUS O'FLAHERTY, 'Professor of Writin', Spellin', and Canal-boat Navigation, decidedly the most caustic and humorous manipulator of written brogue in the world, will appear each week.

Soul-stirring POETRY, entertaining SKETCHES, comical ANECDOTES, WIT and HUMOR of all kinds, TEMPERANCE and PATRIOTIC SOCIETY NEWS, descriptions of the various CHURCHES, with the names of the PEW-HOLDERS, BALL REPORTS, fresh PERSONALS, instructive ANSWERS to CORRESPONDENTS, RELIGIOUS NEWS, THE FASHIONS, and everything else that can possibly be of interest to Irishmen and Catholics will be found in the columns of the CITIZEN.

Its editorials will be written by some of the ablest and most experienced writers of the New York Press. Their aim will be first and above all, the FREEDOM OF IRELAND. The interests of our countrymen at home and abroad, the advancement of our Holy Religion, the rights of labor and kindred topics will be first taken care of. The current news of the day will also be briefly but pointedly discussed.

New improvements will be made from time to time as they suggest themselves, and neither labor nor expense will be spared to make the SUNDAY CITIZEN all that is claimed for it. Organ of the St. Patrick Mutual Alliance, St. Patrick's United Alliance, Ancient Order of Hibernians, Father Mathew, and R. C. T. A. B. Societies, and labor organizations generally.

The "Sunday Citizen" Circulates in New York and Vicinity. Since the Present Publisher has taken hold of it, it has had a Steady, Genuine Increase of Circulation of Over 500 Copies per Week.

The Irish Citizen,

COUNTRY EDITION OF THE ABOVE, IS PUBLISHED EVERY TUESDAY MORNING, BY THE SAME PUBLISHER, AND AT THE SAME PLACE.

All that has been said in regard to the SUNDAY CITIZEN applies with equal force to the IRISH CITIZEN; with this addition: That, having a circulation all over the United States, Canada, and Europe, its advantages as an advertising medium calculated to reach our immense Irish Catholic population, will be apparent to everybody.

CORNER STONE

A JOURNAL OF

CURRENT EVENTS.

Volume IX.
Number 21.

NEW YORK, SATURDAY, MAY 27, 1876.

Terms, in advance:
\$1.25 per year.

With charity for none, but contempt for all—Frauds.

Advertise in the CORNER STONE, if your business calls for first-class patrons. We live by making our wants known, and always know what we want by seeing them ADVERTISED.

This, our CORNER STONE, is founded on a solid foundation of RIGHT, and we have the MIGHT to speak the sentiments of TRUTH.

THE CORNER STONE.

BY W. L. GARDNER.

What have ye there!

A perfect square—
An emblem of our own,
First, last and least
in the "North East,"
A CORNER STONE.

A firm, sound base,
On which to place
The Master Mason's throne,
A pattern true
Of what we do—
A CORNER STONE.

An upright man,
Made by God's plan,
Work that will stand alone;
An monument
Of life well spent—
A CORNER STONE.

Ho! Masons all,
Obey the call,
Let charity be shown;
With precepts rare,
Live by the square,
A CORNER STONE.

THE CORNER STONE.

The above is the title of a sprightly weekly, published by S. W. E. Beckner, 636 Broadway, N. Y. It is devoted principally to Masonic and Theatrical News, and presents an elegant appearance.—"California Spirit of the Times."

The "Corner Stone" is one of the liveliest weeklies extant. It grows steadily in size, merit and public favor.—"N. Y. Republican."

The sparkling little "Corner Stone," of New York City, comes to us as an exchange. It is not a "rough ashlar" either, but a polished gem of the first water, and "square" at that. May its superstructure continue to rise steadily on its present foundation, until it shall rear its lofty head in eternal sunshine.—"Arcanum Ark," Philadelphia.

Publisher CORNER STONE,

N. Y.

The New York CORNER STONE is largely circu-
lated.—Extract from Affidavit in the Supreme Court,
before Judge Cardozo, July 12, 1871.

The "Corner Stone," devoted to Masonry, the Drama, Fine Arts and the working classes. Typographically it is a success, and no doubt suits the masses.—"N. Y. Express.

The "Corner Stone," published at 636 Broadway, New York, comes to us in a new and appropriate dress. It discusses all questions relating to the present age in a straight-forward and justifiable manner. It is also devoted to the interests of Masons, Theatians, and to the people in general. We bespeak for it an extensive patronage.—"Ours Illustrated," Providence, R. I.

The spiciest, wittiest and most entertaining paper is the "Corner Stone," devoted to Masonry, Theatricals and general intelligence. Liberal in its views, and discusses all points from an independent standpoint. It is truly a masonic organ, and very acceptable to the fraternity.—"Utica Daily Bee."

We have lately added to our exchange list the "Corner Stone," published at 636 Broadway, New York. It is neatly gotten up, has a taking head and title, shows brains all through, deserves success, and we wish for it an unlimited prosperity.—"Green Room," New Haven, Conn.

The "Corner Stone," published at 636 Broadway, every Saturday, by S. W. E. Beckner, is a pretty little sheet devoted to Masonry, Fine Arts and the Drama. Though small, it contains a large amount of reading matter, being set in solid type.—New York Sun.

The "Corner Stone" is saucy, wide-awake and thoroughly independent; it "goes for" all corrupt-fighters, high and low. Its character is a sure guarantee of success.—New York Herald.

It would pay the readers of our paper in Utica, whether masonically inclined or not, to subscribe for the "Corner Stone," a masonic paper of real masonic truths, published in New York City. Its editor and proprietor is not only a Mason, but a man as well.—"Bee."

The "Corner Stone," a masonic weekly, published by S. W. E. Beckner, an educated Mason and past master, is a charming little paper, live to the issues of the times. It is bound to become a success, being cosmopolitan in character, but devoted to the interests of masonry.—New York Evening Globe.

The CORNER STONE is the only weekly MASONIC paper published in New York, and being the oldest, is peculiarly adapted to first class advertisers; circulates all over the Union.

A CHOICE ADVERTISING MEDIUM.

The Galaxy.

The GALAXY is now one of the best standard advertising mediums in this country. Its circulation is among the most cultivated families, who are able to purchase the articles advertised.

Such a periodical as this, which is really an ornament to the parlor table, is preserved for family reading during the entire month, and the advertisements are not thrown away or lost sight of as in daily papers. A monthly magazine like THE GALAXY is not only read by one person, but kept in a prominent place for a month, until the next issue, and any advertisement placed in a prominent position in its pages cannot fail to be seen over and over again, thus securing the whole object of advertising.

Prices:—One page, each insertion, \$100; half page, or one column, \$55; quarter page, or half column, \$30; first and last pages advertisement sheet and inside pages of inset, each \$150; page facing reading matter in front, \$250; second page cover, \$200; third page cover, \$175; fourth page cover, \$300; short advertisements, per line, 75 cents.

THE

CIRCULATION

OVER 47,000.

The value of the SCIENTIFIC AMERICAN as an advertising medium cannot be over-estimated. It goes into all the machine and work shops in the country, and is taken at the principal libraries and reading rooms in the United States and Europe. A business man wants something more than to see his advertisement in a printed newspaper. He wants circulation. If it is worth 25 cents per line to advertise in a paper of three thousand circulation, it is worth \$3 75 per line to advertise in one of forty-five thousand. See following rates:

Back page, each insertion.....	\$1 00 a line.	Business and personal, each insertion, \$1 a line.
Inside page, each insertion.....	75 a line.	

Engravings may head advertisements at the same rate per line, by measurement, as the letter press. Advertisements must be received at publication office as early as Friday morning to appear in next issue. If you wish anything in the mechanical line, or have patents or machinery to sell, advertise in the SCIENTIFIC AMERICAN.

FASHION, CURRENT LITERATURE AND ART.

THE BEST FASHION MAGAZINE PUBLISHED.

In each issue of this journal there are presented complete and intelligent reviews of the prevailing styles in Ladies' and Children's Costumes, Millinery Materials, Trimmings, Lingerie, Coiffures, etc., as well as an instructive article on Domestic Art. Nearly all of these articles are illustrated with the finest wood engravings. Each number also contains a handsome lithographic plate, representing the most acceptable costumes prevailing at the date of issue. Twice per year it contains a handsomely-illustrated Catalogue of Fashions as a supplement.

The MONTHLY is enlarged to double its size in the numbers for the months of April, June, September and November. As these months are practically the beginnings of the fashion seasons, the enlargement enables the publishers to give complete and comprehensive intelligence of the status of fashion at the time, as well as of all the novelties that have been introduced.

Ladies desirous of obtaining a journal embracing a wide scope of topics relating to dress, and affording a thorough survey of matters concerning every department of fashion, will find this publication of great value.

In addition to fashion, the MONTHLY also presents a choice variety of entertaining popular literature. Serlals, sketches, poems, miscellaneous literary articles, etc., etc., of the highest order, form the character of the literature that is provided. The Independent.

Conceded the Leading Paper of Southern Kansas.

F. B. MCGILL, EDITOR AND PUBLISHER, OSWEGO, LABETTE CO., KANSAS.

SUBSCRIPTION: \$2 PER ANNUM, IN ADVANCE.

The INDEPENDENT, enlarged and improved, enters its fifth year with unprecedented success. The largest circulation in Southern Kansas. Farmers contribute to it. Mechanics and laborers write for it. Scientists, physicians, lawyers, geologists, and theologians contribute to its columns. Every live business man takes an interest in it. It is emphatically the **people's paper**, and stands upon the broad foundation of **equal rights** before the law; equal standing of man before man; recognizes the fact that the intelligent, industrious laborer, whatever may be his calling or profession, is the noblest work of God. The INDEPENDENT is all its name indicates. It is **independent of all individual interests**, factions, rings, cliques, and ambitious, unprincipled politicians. It aims to advocate the right at all times and under all circumstances without fear or favor. Its aim is to advocate just principles, whether popular or unpopular, and labor to educate the masses to all means of reform required. While it adheres strictly to the principles as enunciated in the republican platform, it does not permit itself to be so blinded by party prejudices that it cannot see the clergs that have attached themselves to our party by the drift of popular current; but cuts loose from the dead weights, and knowingly permits no rascal to hide himself behind the party cloak. The INDEPENDENT is in the interest of the people; from the honest masses it derives its support. The farmer, the mechanic, the banker, the merchant, the laborer, all classes and professions are patrons of the INDEPENDENT, and take pride in its popularity and prosperity. For rates of advertising address the Publisher, or apply to Geo. P. Rowell & Co., New York, the *only* authorized agency of the INDEPENDENT.

Hartford Herald.

HARTFORD.....OHIO COUNTY.....KENTUCKY.

BARRETT & BONNER, EDITORS AND PUBLISHERS.

The HERALD is a twenty-eight-column folio, printed on clear and beautiful brevier type, and is devoted to news, literature, and agriculture. While the HERALD is democratic politically, yet it is not intended to make it a partisan paper. If it favors a party measure, it is because of the measure; if it condemns, it will be for the same reason. Its news is gathered from all sources and condensed so that a single paper will contain as much general news as any of its contemporaries publish in the course of months.

AGRICULTURAL.

The HERALD contains about four columns of agricultural and domestic information weekly. These articles are practical and selected from the best authors, and written by practical men and women, and are very instructive—a single paper frequently containing information of greater value than the subscription price of a dozen copies.

It is one of the newest papers in the State; indeed, Hartford may be congratulated with having a paper in every respect equal to a city journal.—*Bowling Green Globe*. One of the best democratic hebdomadals in the State.—*Frankfort Yeoman*.

The union, one Nation undivided,
From ocean to ocean preserved,
With Constitution and laws provided.
With People's and States' Rights reserved.
The habeas corpus protected,
The freedom of Speech and the Press,
A jury impartial, selected
To try us—if laws we transgress.

In commerce, impartial protection,
In finance, one money for all;
No schisms of sections 'gainst section,
The national heart to enthrall;
But a union of peaceful souls blending,
Whose millions of hearts throb as one,
The Faith of our Fathers defending,
To throttle the freedom of none.

To the Civil Law, hail, high dominion,
O'er all other laws of the land;
Free exercise of Faith and Opinion,
Preserved from Oppression's vile hand.
The Flag of our Nation respected,
Wherever its folds are unfurled,
The rights of all people protected
To uttermost ends of the world.

CIRCULATION AND PATRONAGE INCREASING.

Labor being the basis of all civilization, the political management of all public affairs, and the considerations paid to officials for their services to the people, must be measured by the unit of the laboring man's dollar. The pulpit from which we must preach must be the plow handle; the rostrum from which we must proclaim must be the anvil and the workshop, and the text from which shall be drawn the burden of our discourse must be, "In the sweat of thy face shalt thou eat bread."

The object of this journal is to diffuse a knowledge of all that is connected with the microscope in its relations to medicine, natural history, and the arts. It addresses itself to the physician, the naturalist, the teacher, and the general reader.

SUBSCRIPTION : FIFTY CENTS A YEAR.

The microscope has of late years become an instrument of very general use, and consequently the number of those who are interested in the subject is very large, and is daily increasing. Moreover, those who are interested in the subject are in almost all cases well-to-do, and are amongst the best customers of all those who offer for sale articles of real merit.

THE AMERICAN JOURNAL OF MICROSCOPY is the only journal in the United States devoted to this subject. Great Britain supports four microscopical journals, consequently, as a medium for advertising, this journal cannot be excelled in proportion to its rates.

The Cincinnati Commercial.

A Representative Independent Newspaper.

M. HALSTEAD & CO.....PROPRIETORS

A FIRST-CLASS ADVERTISING MEDIUM.

The CINCINNATI COMMERCIAL is the journal of the largest and most general circulation in Cincinnati and vicinity, and is sold through hundreds of agencies in Ohio, Indiana, Kentucky, Tennessee, West Virginia, and Southern Illinois, and on all the railroads in those States, and there is a special call for it along the great rivers from Pittsburgh to New Orleans.

In politics the COMMERCIAL occupies "the field of independent journalism," meaning thereby the territory outside the party fences—the woods, pasture, and unfenced prairies, so to speak. As we understand it, we are in possession of all that open country that we can occupy—and we intend to abide there, or, at least, to look to it as our base of operations. If we enter a party inclosure it will be with the fence down behind us. We have not the slightest disposition to try, as a steady thing, the dry fodder and dusky husks and stale straw of the party stables, wherein "the ox knoweth his owner, and the ass his master's crib." We would prefer, in case of necessity, to browse in the wilderness. The COMMERCIAL has no favors to ask of politicians, and no dread of them.

Cincinnati is the most central and the most distinctly representative of the large cities of the nation, and on all sides is supported by thrifty and prosperous communities, in which, for hundreds of miles in every direction from the place of publication, the COMMERCIAL is the favorite newspaper.

The popularity of the COMMERCIAL as a newspaper is the best guaranty of its value to advertisers, and warrant us in claiming the favorable consideration of all persons who have occasion to keep their business before the public.

Advertising Rates from 10 to 40 cents per agate line, according to display and position—the best terms offered by any first-class journal, character and extent of circulation considered.

 AT THE HOME OFFICE.

Windsor is a large and wealthy town, and is one of the finest agricultural districts in the State. The ADVANCE has a large field in which to circulate, without any opposition in a radius of thirty miles. It circulates in Harpersville, Ninevah, Susquehanna Depot, Pa., East and West Windsor, Binghamton, &c., and is rapidly growing in circulation. Advertisers will find the ADVANCE to be an excellent medium to confer with the rich farmers and mechanics dwelling in this fine agricultural region of independent and enterprising men—in fact it is the only medium through which these men can be reached. Advertisements solicited by our regular agents, Geo. P. Rowell & Co., New York.

Brooklyn Daily Eagle.

34, 36, AND 38 FULTON STREET,

BROOKLYN.....NEW YORK.

Brooklyn has now a population of over **450,000**, and Long Island of nearly three-fourths of a million. The **EAGLE** was established when Brooklyn was but a village. It has been the only organ to advocate its interests. It has in turn shared the city's prosperity, and has secured an influence second to no other journal in the country.

ITS CIRCULATION IS LARGER THAN THAT OF ANY OTHER EVENING PAPER IN THE UNITED STATES.

INDEPENDENT IN POLITICS.

Its specialty is in carefully presenting the local interests of every class, organization, and neighborhood upon the Island. New York papers cannot do this without sacrificing country subscribers.

Advertisers who desire to reach this Immense and Compact Population, equal to that of all the Pacific States, can only do so through the "Eagle."

Advertising is worth so much per 1,000 circulation. The **EAGLE** gives four times more circulation for the same money than is given by any other first-class journal in New York, San Francisco, New Orleans or Boston. It has reading matter on each page.

PUBLISHERS OF THE CINCINNATI DAILY AND WEEKLY TIMES:

Gentlemen—Advertising in all the leading journals of the city, our experience compels us to say, without prejudice to any, that through your medium we have received more communications and derived more benefit than through any of the others. We cheerfully recommend it to the public as the best.

"HEAD OF THE LIST."

NEW YORK CITY.

PROPRIETORS OF CINCINNATI WEEKLY TIMES:

Gentlemen—We have advertised in the WEEKLY TIMES for some four or five years, and consider it one of the best mediums for that purpose in the country. Experience has convinced us that there are but ten or twelve papers altogether in the Union in which it really pays to advertise our business, and the TIMES comes close up to the head of the list.

Yours, very respectfully, HOWARD & CO., Jewelers, N. Y. City.

"FAR AHEAD OF ANY."

GREAT WESTERN GUN WORKS, PITTSBURGH, PA.

PUBLISHERS OF TIMES, Cincinnati, Ohio:

Gentlemen—One year ago I contracted for advertising in over 2,000 papers, and among them all of the leading papers of the country. I so arranged the advertisements that I could tell exactly from what papers I received replies, and I kept a correct account of them for three months. The result shows that in the number of letters received, the TIMES stands second on the list, and for the amount of money invested it is far ahead of any.

Yours, very truly, J. H. JOHNSON

These notes give the paper a very large circulation among Sunday-school teachers in the United States and Canada. Its department of **original contributions** contains a variety of articles pertaining to every phase of religious thought and labor. National Bankruptcy Register Reports.

PUBLISHED SEMI-MONTHLY.

ORLANDO F. DUMP, EDITOR.

Terms: \$5 per Volume, in Numbers (in Advance). Single Numbers, 50 Cents.
12 Volumes, Law Sheep, \$72.

This now makes a uniform set of twelve volumes of reports of bankruptcy decisions from the time the law first went into operation, June 1, 1867, down to the present time, and which are still continuing, as volume thirteen, in the serial form. These valuable reports contain, also, a table of cases cited as well as those reported, and, as the cited cases are often from the decisions under the various former laws of the States, as well as under the former National Bankrupt Laws of 1800 and 1841, they are valuable, as showing a system of comparative jurisprudence relating to the several independent law-making sources and influences from which they are derived and upon which they are founded. This will render the NATIONAL BANKRUPTCY REGISTER REPORTS of permanent value wherever an insolvent bankrupt law is in operation, whether it be State or national; for, so long as there is any law of this nature, it must be founded upon principles that are similar in many respects to our present law, or those laws which have been in existence in many of the States heretofore.

Subscription in Spanish-America.....\$6, Gold, per Annum.

This magazine, by its highly artistic illustrations and select literature, has secured a very extensive circulation in all countries where the Spanish language is spoken.

It furnishes to families, literary men and general readers the benefits and pleasure of a literary, instructive, pictorial magazine; while *by avoiding any interference whatever with politics or religion*, its influence and field of circulation are not impaired by restrictions or prohibitions from the Spanish Government of Cuba or from any of the Spanish-American Republics.

As an advertising medium it offers, for this reason, especial advantages to manufacturers and merchants who desire to introduce their products into those markets. Besides a large number of resident agents, the Publishers have three persons constantly traveling in Spanish-America in the interest of the magazine, and through their instrumentality will send and distribute circulars, catalogues or any other matter which advertisers may desire.

This magazine now circulates in Mexico, Central America, Cuba, Porto Rico and other West Indies, United States of Colombia, Venezuela, Ecuador, Peru, Bolivia, Chili, and Buenos Ayres; thus reaching a total of over thirty-five millions of inhabitants, all of whom are consumers of the products of the United States.

The CUMBERLAND PRESBYTERIAN is a Weekly Newspaper, 32x47, quarto, and has NINE THOUSAND *bona fide* subscribers. Is issued simultaneously at Nashville, Tennessee, and St. Louis, Missouri. As an advertising medium it scarcely has a rival among the great Religious Newspapers of the day, for it is the only weekly published under the auspices of the Cumberland Presbyterian Church—a denomination of more than *one hundred and twenty-five thousand* communicants. In the South, South-West, West, and North-west, there is scarcely a post-office to which the paper does not go. The CUMBERLAND PRESBYTERIAN is under the control of the Board of Publication of the Cumberland Presbyterian Church, and said Board is located in Nashville, Tennessee. As the CUMBERLAND PRESBYTERIAN is the only weekly published in the entire denomination, it is confidently believed that before the close of the year 1876 the paper will have a subscription list of at least *Fifteen Thousand*. The CUMBERLAND PRESBYTERIAN is a consolidated paper—the result of the union of three weeklies, the *Banner of Peace*, Nashville, Tennessee, the *Cumberland Presbyterian*, St. Louis, Missouri, and the *Texas Cumberland Presbyterian*, Tehuacana, Texas.

To those engaged in *legitimate* trade and commerce, therefore, the CUMBERLAND PRESBYTERIAN affords almost extraordinary advantages as a medium through which said business can be made known to the public; but under no circumstances and at no price will “blind advertisements” be put in its columns. QUALITY, NOT SIZE.

Quality, not size, is the test of merit in journalism. A newspaper is a good advertising medium, but it has the disadvantage of becoming waste paper after its first day. A magazine, printed on heavy tinted paper, with elegant illustrations prepared especially for its pages by some of the best artists, is apt to be preserved from all ordinary destruction.

The extra advantage of an elegantly-illustrated and gotten-up monthly is apparent. The GLOBE (Buffalo) is just such a periodical, and the attention of advertisers who believe in choice mediums is called to it. Send for specimen copy.

The VIRGINIAN is an unrivalled medium through which the public of Eastern Virginia and North Carolina may be reached. Its success has been without a parallel in the history of the press of Virginia, and we point to-day with pleasure at the extensive patronage it receives from the hands of the business men of Norfolk.

The DAILY VIRGINIAN contains every morning a summary of the latest foreign and domestic intelligence by telegraph, with a full transcript of local matters. Its commercial department gives accurate quotations of foreign and home markets, receipts, statistics, &c.; and its marine intelligence of the ports of Norfolk, Portsmouth, and Hampton Roads, is complete and full.

Its circulation is very extensive through the Eastern Shore, the Peninsula, the Northern Neck, and Eastern and South-western Virginia, and all through Eastern and Central North Carolina. This is so, especially of our Weekly Edition, its circulation, with one exception, being greater than that of any other paper published in the two States. Below will be found our advertising rates, to which we call special attention. They will be found liberal. Merchants, business men, and others, will find it to their advantage to make use of our columns.

The Inyo Independent.

Published weekly by CHALFANT & CHILDS, Proprietors, at Independence, the county seat of Inyo county, California; has a regular circulation of 450 copies, with occasional editions of about 600. The town of Independence, in which a United States Land Office is located, is in the midst of an extensive agricultural region, and the richest and most extensive mining region in the state, possibly of the Pacific Coast. Mining operations are but yet in their infancy, those at the neighboring camps of Cerro Gordo, Darwin, and Panamint, all in said county, being the most advanced, and now attracting a great deal of attention. Indications are that this number will be doubled before the end of the present year. The total white population of the county is now in excess of 2,000, about equally divided between agriculture, mining, and contingent calling respectively. The INDEPENDENT'S circulation is principally among those in its own county.

The Chicago Democrat.

THE OLDEST (ENGLISH) DEMOCRATIC WEEKLY PAPER PUBLISHED IN CHICAGO.

PUBLISHED EVERY SATURDAY.

SUBSCRIPTION PRICE.....(POSTAGE FREE).....\$2 PER YEAR.

J. A. DANIELS & CO., PUBLISHERS.

The DEMOCRAT contains live editorials on all current topics, paying especial attention to political matters in and about Chicago, a summary of the news, the latest markets, reading for the young, one continued story, one complete story in each issue, humorous items, sketches, poetry, fashions, amusement notes, etc.

Its position and character is well known, and we shall endeavor not only to keep it fully up to the old standard, but to improve and add to its variety and power. It is our aim to furnish a **FIRST-CLASS FAMILY PAPER**, which shall be full of appropriate and choice reading matter of every kind, but will exclude anything that would offend the most scrupulous and delicate taste—a paper so free from prurient thought that no father would hesitate to hand it to his wife or daughter to read.

In typographical appearance our paper is second to none. It is presented to its readers in clear and beautiful type, and is printed on good paper, making it a **HOME JOURNAL FOR ALL**, and now as it starts out on its sixth volume, with a large and firmly-established circulation among the best families, it offers unsurpassed facilities to **ADVERTISERS**, who should bear in mind that the way to reach the great middle and upper classes—the home circle, where your customers and patrons are gathered together in their leisure—is through the columns of the CHICAGO DEMOCRAT.

The way to reach the young folks who read for pleasure and profit, the ladies, young and old, in and out of town, the merchants and professional men, the actors and actresses, mechanics, farmers, laborers, clerks, and students—at a time when they are at ease, and most likely to read advertisements—is through the columns of the CHICAGO DEMOCRAT.

Trans-Continental Iron Age.

THE LARGEST, HANDSOMEST, AND BEST WEEKLY PAPER PUBLISHED IN THE STATE.

EIGHT PAGES, FORTY-EIGHT COLUMNS.

W. Y. LEADER..... EDITOR AND PUBLISHER.

THE "TRANS-CONTINENTAL IRON AGE" IS ISSUED EVERY MONDAY.

JEFFERSON, TEXAS.

It takes the place of the late "Texas Iron Age" and the "Jefferson Democrat," and starts with the combined subscription lists of these two papers, and many new subscribers, which insures it the largest circulation of any weekly in the State, and we are determined to make it in all respects the representative newspaper of the great South-West.

The TRANS-CONTINENTAL IRON AGE is a business and family journal, devoted to the interests of the Manufacturer, Merchant, Farmer, Mechanic, and Laboring Man. While it will be a fearless and faithful advocate of democratic principles, it will in no sense be a mere partisan sheet, but rather a bold and determined champion of all the people. It will defend and uphold their rights, and maintain their interests against the usurpations of power and the depredations of official plunderers, preferring to fall in their defence, rather than rise by a betrayal of their confidence. It will ardently labor to promote the material interests of Texas, the development of her vast and splendid railroad enterprises. The salubrity of the climate, the fertility of the soil, the variety of the productiveness, and social advantages of the State, will be fully reviewed. It will be one of the aims of the TRANS-CONTINENTAL IRON AGE to cultivate a pure, literary taste, and to disseminate useful information. Tales of power and interest, poetry, articles on science, art, fashion and music, will be found in its ample pages. The latest local and general news, a report of the markets, with a synopsis of the proceedings of Congress and our State Legislature, when in session, will be given in its columns.

The LEADER is a live newspaper, and contains more reading matter than any daily in the State outside of Galveston. While the DAILY LEADER will be a fearless and uncompromising advocate of Democratic principles, it will in no sense be a mere partisan journal. On all questions which agitate the country, it will speak with freedom and candor, boldly advocating what is believed to be right, and fearlessly denouncing what is known to be wrong, without regard to party or men. We start with a larger subscription list than has ever been attained by any daily paper published in east Texas. To the Friends of Woman.—The GOLDEN DAWN occupies a distinct field in journalism; advocating as it does a broader and more extended sphere for Woman than has thus far been assigned to her. Wider avenues in the World of Work, whether manual or intellectual, and better opportunities to enter the professions and compete for the honorable emoluments arising from them, should be opened to her. She should be educated more liberally, and prepared mentally and physically for the higher and nobler callings for which nature and nature's God intended her. The purity and queendom of the home should be maintained supreme by Woman. The GOLDEN DAWN battles for the establishment of these principles and the realization of that more perfect day for Woman, and consequently for humanity, of which the present is but the early dawn. Business men and women who are in sympathy with the principles and objects of this journal are respectfully solicited to place their business advertisements in its columns, a limited number of which are set apart for this purpose. Its wide circulation among the homes of California and the Pacific Coast constitutes it the best advertising medium of its class in the West. See rates of advertising above. By aiding the paper you aid Woman.

TO BUSINESS MEN WHO WISH TO REACH BUSINESS MEN.

The Commercial and Tobacco Leaf,

RICHMOND, VIRGINIA,

HAS NO EQUAL AS A WHOLESALE OR GENERAL ADVERTISING MEDIUM BETWEEN BALTIMORE AND NEW ORLEANS, THE EXTENT AND CHARACTER OF ITS CIRCULATION BEING CONSIDERED.

☞ THE ONLY PURELY MERCANTILE JOURNAL IN THE STATE. ☞

It is, in addition to its subscription list, sent out as a price-current by many leading commission merchants who vary their lists weekly, and thousands of copies are distributed by parties, whose establishments are described in its editorial columns.

Special Trade Editions of Many Thousand Copies are Issued Spring and Fall; also, a Large Holiday Edition.

The following extract from a late editorial truthfully sets forth some of the inducements offered to advertisers:

"We have during the past year written up over a hundred of our leading mercantile and manufacturing houses, each of which has distributed on an average a thousand copies, and when to these are added the papers sent out by our leading commission merchants, and our **special Spring, Fair, and Holiday Editions**, advertisers can form some idea of the advantages offered by the **COMMERCIAL**, especially when they remember that the **circulation is always changing**, and that **every copy goes to a picked man**—merchant, manufacturer, or leading farmer. **Our tobaccoists** have scattered it broadcast by tens of thousands among the trade from Maine to California, and not content with this, have distributed it by thousands in Europe and Australia. **Our great iron founders** have introduced it to their customers everywhere, as have also our **agricultural implement, furniture, and machine manufacturers**, as well as merchants in every line of business, wholesale and retail. Our price-current is the fullest and most reliable ever published in this city, and is now recognized authority in such matters.

WHY IT PAYS TO ADVERTISE IN THE "COMMERCIAL."

- 1st. Because its circulation is **large**.
- 2d. Because its circulation is **varied and constantly changing**.
- 3d. Because its circulation is among **men of means and standing**.
- 4th. Because it is read by more **merchants and leading farmers** than any other paper in this section.
- 5th. Because it is on file at most of the **leading hotels and watering places** in the State.
- 6th. Because it goes in packages of from one to one hundred copies to **over two thousand post-offices** in Virginia, West Virginia, and North Carolina.

To sum up, a **Large Circulation, a Good Circulation, a Varied Circulation, and Low Rates** are our inducements.

One page in the book is devoted to "explanations of the manner of using the OFFICIAL GUIDE." For the benefit of foreigners traveling in this country a translation of the "explanations" is given in the French, Spanish, and German languages.

A large number of fine maps, showing the lines of the several roads, embellish its pages, and a "general map" of the whole country is bound with it. The map is corrected up to the date of each issue, and is believed to be the most accurate map of the kind published. The stop-over privileges on each road are given in full, as well as the most perfect list published of railway officials. This book is the standard of the Quartermaster General's Department of the United States Government for all railway information.

During a series of industrious years we have written and placed before the business world descriptions of hundreds of wholesale houses in this city and vicinity, and never have our statements been called in question by parties concerned, whether buyers or sellers. By a rigid adherence to truth, our statements have acquired weight and influence with the trade; and we intend to continue in the straight path we long since marked out; and by fairly earning the confidence of wholesale merchants and manufacturers, we rely upon receiving, as heretofore, a share of that respect which true men ever pay to an honest, industrious, and independent press.

The typographical neatness, simplicity, and good taste of the **NEW YORK TRADE JOURNAL** commend it to all its readers, and will continue to add to its influence as a medium to further the interests of trade and manufactures. Established as a strictly business paper of high tone, the editorial columns of this journal will never compromise its character nor render it second to any in point of morality, veracity, good temper, or good breeding.

The TIMES, while political in its character, yet is mainly devoted to the building up and improving of home interests, and to the development of the material resources of North-east Texas. The Immigrational, Agricultural, Social, Political, Educational, and Railroad Interests of this section will claim our constant attention, and to their development will be devoted all the energies we possess. In politics the TIMES will be democratic, and while its tone will be firm and decided, yet it will hold itself free to endorse or to condemn measures, and will never, under the pressure of party dictation, be the advocate of what it conceives to be wrong. All the influence which it wields will be exerted to disclose and make known the frauds and corruption practiced by those in official places, and will be a zealous and unflinching opposer of centralization, and everything tending to blot out the rights of the States. Immigration, and the development and improvement of Red River county and Clarksville, and everything pertaining to their material interests, will always find in the TIMES a sincere champion. We therefore appeal to all who have any interest in the development of our country to give us a liberal support, and thus, in helping themselves, assist us.

All of these are illustrated in the best style, and are beautiful specimens of artistic and mechanical work. We doubt if any other publishing house in the world does so much for the education of the people. These periodicals are always on the side of good morals, good citizenship, and good government.—*The Methodist*.

Harper's Magazine.

A Complete Set of HARPER'S MAGAZINE, now comprising Fifty-one Volumes, in neat Cloth binding, will be sent by express, freight at expense of purchaser, for \$2 25 per volume. *Single volumes*, by mail, *post-paid*, \$3; in Half Calf, \$5 25. Cloth cases for binding, 58 cents, by mail, *post-paid*. Back numbers from the beginning can at all times be supplied, and will be sent by mail, *post-paid*, on receipt of 35 cents per number. An analytical index to the first 50 volumes is now ready, bound uniformly with the magazine. Sent by mail, *post-paid*, on receipt of \$3; half calf, \$5 25.

Publishers and editors both appear to understand the needs of the popular mind, even those needs of which many people are unconscious themselves. They aim to awaken a taste for knowledge as well as to gratify it, and their system in doing this is to make knowledge entertaining. The MAGAZINE penetrates into the log-houses of Western farmers as well as into city drawing-rooms. Its comprehensiveness makes it acceptable to everybody who is pleased by pictures, and who has any love of reading. The serial novels by eminent English and American novelists, the short, bright, and telling stories of American domestic life, the profusely-illustrated articles of travel and adventure, the

carefully-prepared essays on political, historical, and scientific subjects, the wealth of rich and racy reflection in "The Editor's Easy Chair" and of anecdote in "The Editor's Drawer," are among its constant attractions to the general reader.—*Boston Globe*.

The character which this magazine possesses for variety, enterprise, artistic wealth, and literary culture that has kept pace with, if it has not led the times, should cause its conductors to regard it with justifiable complacency. It also entitles them to a great claim upon the public gratitude. The MAGAZINE has done good, and not evil, all the days of its life.—*Brooklyn Eagle*.

Harper's Weekly.

The Annual Volumes of HARPER'S WEEKLY, in neat Cloth binding, will be sent by express, free of expense, for \$7 each, and in Half Morocco, on receipt of \$10 50. A Complete Set, comprising *Nineteen Volumes*, sent on receipt of cash at the rate of \$5 25 per volume, *freight at expense of purchaser*. Cloth cases for binding, \$1, by mail, *post-paid*.

The WEEKLY is the ablest and most powerful illustrated periodical published in this country. Its editorials are scholarly and convincing, and carry much weight. Its illustrations of current events are full and fresh, and are prepared by our best designers. With a circulation of 150,000, the WEEKLY is read by at least half a million persons, and its influence as an organ of opinion

is simply tremendous. The ablest description cannot equal the impression given by a striking picture, and while the written or spoken words are soon forgotten, the impression made by the artist is indelible. The WEEKLY maintains a positive position, and expresses decided views on political and social problems.—*Louisville Courier-Journal*.

Harper's Bazar.

The Eight Volumes of HARPER'S BAZAR, for the years 1868 to 1875, elegantly bound in Green Morocco Cloth, will be sent on receipt of cash at the rate of \$5 25 per volume, *freight at expense of purchaser*. *Single volumes*, in Cloth, \$7; Half Morocco, \$10 50. Cloth cases for binding, \$1, by mail, *post-paid*.

The BAZAR is the organ of the fashionable world, and the expounder of that world's laws; and it is the authority in all matters of manners, etiquette, costume, and social habits. It fills a place that no other publication ever has even sought to fill, and does so because of the amplitude of its range and from its breadth and extent of view.—*Boston Traveller*.

The BAZAR commends itself to every member of the household—to the children by droll and

pretty pictures, to the young ladies by its fashion-plates in endless variety, to the provident matron by its patterns for the children's clothes, to *paterfamilias* by its tasteful designs for embroidered slippers and luxurious dressing-gowns. But the reading matter of the BAZAR is uniformly of great excellence. The paper has acquired a wide popularity for the fireside enjoyment it affords, and has become an established authority.—*Evening Post, New York*.

HARPER'S MAGAZINE, WEEKLY, AND BAZAR.

One Copy of either for One Year, \$4, Postage Prepaid.

HARPER'S MAGAZINE, HARPER'S WEEKLY, or HARPER'S BAZAR will be sent for One Year to any Subscriber in the United States or Canada, *Postage Prepaid*, on receipt of Four Dollars by the Publishers.

The three publications, the MAGAZINE, WEEKLY, and BAZAR, will be supplied for One Year for \$10 in one remittance; any two of them for \$7, postage free.

An Extra Copy of either the MAGAZINE, the WEEKLY, or the BAZAR will be supplied gratis to every Club of Five Subscribers who send \$4 each in one remittance; or Six Copies, without extra copy, of either publication for \$20, postage free.

In remitting by mail, a POST-OFFICE ORDER OR DRAFT payable to the order of HARPER & BROTHERS is preferable to Bank Notes, since, should the Order or Draft be lost or stolen, it can be renewed without loss to the sender. All business, whether for subscription or advertising, is conducted upon a cash basis. Advertisements to be accepted must be first-class, unobjectionable. Cash—no trading ads. Our circulations are large, *bona fide*, as represented, and among the homes of the best people in the West. The methods pursued in the business management of this journal the past two years have been with the single purpose of securing the fullest confidence of its readers, guarding its advertising columns against all kinds of swindling humbugs, and **making the paper pay advertisers**. The annexed extraordinary endorsements from first-class business houses are sufficient proof that our columns **do well pay advertisers** for the low prices asked for space. The prosperous future before the FARMER, the substantial character of the FARMER the past fourteen years as the only agricultural journal within a radius of 300 miles, guarantees to advertisers that placing their advertisements in the FARMER is no experiment.

Free Copies to Advertisers.—Our invariable rule is to send a marked copy free each week to every advertiser.

From Jobbers in Agricultural Implements.

From *E. H. OSBORN & CO., Manufacturers of Osborn Patent Grain & Seed Cleaner, Quincy, Ill.*

We have used the columns of the FARMER during the past two years as advertisers, and out of a list of 62 papers yours has sent us more business than any other, and with one exception, more than 50 of the others. We expect to continue with you right along. We have had a large experience in advertising, and find very few mediums that pay expenses; your paper is at the head of the list.

From Sewing Machine Agents.

From *D. A. BUCK, Manager St. Louis Agency New American Sewing Machine.*

For about a year our advertisement of the New American Sewing Machine was inserted in the KANSAS FARMER. I believe the paper to be one of the best mediums for advertising, as it causes a larger amount of correspondence to pour into our office than from any other of our advertisements. I take pleasure in attesting to the prompt, fair, and gentlemanly manner in which all business with the proprietor has been conducted.

From Nurserymen.

From *ROBERT WATSON, Nurseryman and Osage Orange Hedge Grover, Lees Summit, Mo.*

I have advertised in several agricultural papers, both East and West, for the last two years Osage Orange Hedge Plants, and find the KANSAS FARMER, being widely circulated, one of the cheapest and best advertising mediums in the West.

From Commission Merchants.

From *SHOUGH & REYNOLDS, Live Stock Commission Merchants, Kansas City, Mo.*

We have used the KANSAS FARMER as an advertising medium for the past twelve months with gratifying success, and cheerfully recommend it to those in our line of business.

From Educational Institutions.

From *Dr. C. R. POMEROY, President State Normal School, at Emporia, Kansas.*

Having had occasion to use your paper as a medium of advertising the State Normal School, I am convinced no better one exists in the State for this purpose. Especially for them who desire to convey information to the farmers of Kansas is the statement correct, as your paper in its circulation reaches the mass of the people.

OFFICE OF PUBLICATION:

20 CONGREGATIONAL HOUSE,

BOSTON, MASSACHUSETTS.

SUBSCRIPTION PRICE, \$2 10 A YEAR, INCLUDING POSTAGE.

This periodical is designed especially to meet the wants of every Congregational minister. It gives Biography, Necrology, the Statistics of every Congregational Church in the United States, the post-office address of the Congregational Clergymen, dissertations on Doctrinal and Practical Themes, and a fresh Literary Review.

The number for January, 1876, commences the eighteenth volume of the QUARTERLY. We introduce several improvements. The leading characteristics of the past volumes are all retained, and three new departments are added:

I.—Comparative Statistics. Under this head we shall give, in tabulated form, the more important statistics of all the leading denominations, so that our readers can see at a glance the comparative standing of the different branches of the church of Christ, both as to constituent elements and benevolent work.

II.—Vital Statistics. Under this designation we shall give the names of all the ministers of our denomination who died during the year immediately preceding, alphabetically arranged, with the essential statistics concerning each, so far as it is possible to secure them. This department will not be biographical, and, therefore, will not trench upon the Necrology, nor will it supersede the Quarterly Record, yet it will be more full and more convenient for future reference than the Quarterly Record.

III.—New, Post-Office Ministerial Addresses. The January number gives the address of every Congregational minister who is laboring officially with any church and is a member of any Association or Conference. Each succeeding number of the QUARTERLY will give, so far as is practicable, under the above head, the names of all Congregational ministers who shall have changed their address since the issue of the preceding number, with their new post-office address. That the latest address may be given, so far as is possible, in every case, we request all our ministers who may change their address between the issuing of the Minutes of the State Associations and the first of January, to send us a postal card informing us of the change. In every case where there is a change *during the year*, we request the brother to inform us of the fact, so that all the changes may be noted in the QUARTERLY, and the *latest address* be communicated to the public.

These new departments will involve much labor and expense. Our design is to make the QUARTERLY subservient more than ever the interests of our ministerial brethren and of our denomination. We hope to make it, not only what the *Congregational Year-Book* is to our brethren in England, but far superior to that publication in every respect.

In the steel engravings and biographical sketches given in the QUARTERLY, we intend to have a representation of different phases of public life. In the volume for 1876 we purpose to give our readers an engraving of Rev. David Bacon, identified with pioneer missionary life, the father of Rev. Leonard Bacon, D. D., and a sketch of him written by the honored son; another of Gov. Buckingham, with a memoir of him by Dr. Tarbox; to be followed by one of "Father Clary," so long home missionary superintendent in Wisconsin, with a biographical sketch written by Pres. Chapin, of Beloit.

From the Vermont Chronicle of Oct. 16, 1875.

"The QUARTERLY, under its able editorial supervision, is more and more valuable, and is becoming quite essential to the library of any Congregational Christian who desires to be intelligent in the past history and present aspects of our denomination, or in the changing phases of modern religious thought. It is very readable, judicious, and sound to the core. We trust an increasing patronage will testify the public appreciation of its excellence."

From the Congregationalist of Oct. 14, 1875.

"With each new number, of late, the CONGREGATIONAL QUARTERLY has distinguished itself by some novel feature in an unexpected place. The QUARTERLY ought to enter the new year with a list of ten thousand subscribers, and it would if it were appreciated as it deserves."

The style of the QUARTERLY, now unsurpassed in elegance, will remain unchanged, and the price will continue to be only **two dollars**, with ten cents as postage. Any ministerial brother who feels that he cannot afford to pay even this small sum, if he will send us the names of two laymen as new subscribers, with pay for the same, shall receive the QUARTERLY for a year as compensation for his trouble. If any ministerial brother, *laboring at the front*, can send us neither the subscription price nor new subscribers, we invite him to communicate with us, and he shall have the QUARTERLY at his own price, or, if need be, gratuitously. We would caution our subscribers against sending bank-bills through the post-office. Post-office orders are safe, and bank-checks still better. Address

ESTABLISHED 1855.

A WEEKLY PAPER FOR THE FARM, ORCHARD, AND FIRESIDE.

DES MOINES, IOWA.

FRIDAY.

CHICAGO, ILLINOIS.

TO ADVERTISERS.

The WESTERN FARM JOURNAL is now upon its twenty-first year and volume, the acknowledged leader of the agricultural press. Its files from the commencement of the first volume show its career to have been one of continual success and advancement, until it has now become the largest and most widely-circulated weekly of its class issued.

With a circulation built entirely upon the merits of the paper as a standard periodical, it commands the attention of the better class of people throughout the North-west, and is recognized as one of the most valuable advertising mediums.

The flattering commendations from its many patrons show that representation in its columns is desirable, and year after year an increased patronage has been received from firms of the highest standing.

Referring to contracts of the past year, Messrs. Warder, Mitchell & Co., manufacturers of the Champion Reapers and Mowers, say: "We wish to express our appreciation of the manner in which you published our advertisement, and hope to advertise with you again next year."

The Secretary of the Buckeye Mower and Reaper Co., Akron, Ohio, writes: "You did your part of the work according to agreement, and some other time you can communicate with us about next year." Also says, that "he would give more for the influence of the WESTERN FARM JOURNAL than for that of all other papers of its class." It only remains to add that both companies very largely increased their contracts for the present season.

The Superintendent of the Vandiver Corn Planter Co., Quincy, Ill., attributes their success of last season largely to a liberal use of our columns, and their quadrupled order for this year certainly showed their appreciation.

Ennis & Patton, the well known Nurserymen of Clinton, Iowa, wrote: "We will be glad to use your paper again next season. Success to the FARM JOURNAL." (Contract of last year duplicated.)

A. W. Cook, importer of Norman and Percheron horses, writes: "I think your journal one of the best advertising mediums—at least I have found it so."

The Manager of the Whitney Sewing Machine Company, Chicago, says: "After a thorough trial we consider the WESTERN FARM JOURNAL the best medium we can use, as it evidently reaches everywhere in the Western States. For our advertising in the Western agricultural press this season we shall use it exclusively."

The Chicago *Daily Tribune* says of the WESTERN FARM JOURNAL: "The paper is most comprehensively edited, having special and well-matured departments devoted to every standard branch of farm pursuits. The advantages of such a journal, with its excellent character and broad circulation, as an advertising medium, are obvious. The paper goes into homes where it is read, appreciated, and has important influence. Such a paper is the best possible channel through which an advertiser may reach profitable patrons."

For further reference we invite an examination of the paper, which tells its own story better than words could express.

Two editions of the WESTERN FARM JOURNAL are published simultaneously, one from Chicago, Ill., and one from Des Moines, Iowa, thus affording advertisers an unsurpassed opportunity to reach far and wide.

Estimates upon advertisements will be cheerfully furnished, and specimen copies of the paper sent free upon request.

We would be pleased to receive your advertising favors, and give you the assurance that every energy will be bent towards the accomplishment of our life's aim, which is to keep the WESTERN FARM JOURNAL at the front, making it at all times, as in the past, the best paper of its kind in America.

THE BEST SHOW FOR ADVERTISEMENTS.

The pages being small, compact, neat, every advertisement can be easily seen, and is not buried in a mass of matter; the paper goes freely through the family, containing no objectionable advertisements; and its attractive size and shape lead often to its preservation and binding;—advertisers say that they hear from their cards “for months after insertion.” One of the largest of the large advertising agencies writes: “It is a noticeable fact that our customers who advertise in the ‘Union’ once always want it on their list.” And testimony of like character is constantly accumulating.

A PROVED MEDIUM.

The shrewdest, best known, and most successful business concerns in the country are regular advertisers in THE CHRISTIAN UNION—such as Messrs. Harper & Bros., J. R. Osgood & Co., J. B. Lippincott & Co., and all the prominent Publishers; Messrs. Brown Bros. & Co., Fisk & Hatch, Geo. Opydyke & Co., and all the well-known Financial Houses; Messrs. A. T. Stewart & Co., Lord & Taylor, and all the leading Dry Goods Firms; B. K. Bliss & Sons, Peter Henderson, and all the prominent Seedsmen and Agricultural Dealers; and, indeed, nearly all the largest advertising merchants in every line of business. Numerous letters from them testify to their entire satisfaction.

TO ADVERTISERS.

We take this method of presenting for your favorable consideration, the claims of our publications.

The Daily Blade,

One of the oldest and most carefully-edited papers in Ohio, established in 1835, has an extensive circulation throughout the city of Toledo, and on the lines of railways centering here, and is one of the best advertising mediums in the State. Circulates in North-Western Ohio, Southern Michigan, and Northern Indiana.

The Weekly Blade,

(NASBY'S PAPER)

Has, it is believed, the largest circulation, throughout the Western States and Territories, of any weekly newspaper published west of New York, brought about by the well-known "NASBY LETTERS," which originally appeared in the columns of the BLADE for a number of years, and will so continue to appear, Mr. Locke having contracted to write them for the BLADE only. The circulation of the BLADE is among the best classes of people, and it is one of the best advertising mediums in the United States.

Rates of Advertising in the WEEKLY BLADE are as Follows :

Ordinary advertisements, 75 cents per agate line, each insertion. Special notices (nonpareil leaded), 85 cents per line, each insertion. Business notices (minion leaded), \$1 per line, each insertion. No advertisement inserted for less than \$2. Nothing extra for cuts, if mounted on metal suitable for cylinder presses.

TESTIMONIALS.

We would respectfully call the attention of advertisers to the following statements from some of the most extensive advertisers in the country, concerning the value of the Toledo WEEKLY BLADE. These testimonials were, for the most part, unsolicited, and their truthfulness may be easily ascertained.

Toledo, O., Nov. 11, 1875.

From one small advertisement in WEEKLY BLADE I have received answers in one day from twenty-five States and Territories, and I consider it by far the best advertising medium, for the price, that I have ever used.

W. E. Bliss, Subscription Book Publisher.

Toledo, O., Nov. 13, 1875.

I have patronized the WEEKLY BLADE for years, and know it to be one of the best advertising mediums in the United States.

W. W. Whitney, Music and Book Publisher.

Geo. W. Wiles, President Elastic Truss Co., 212 Broadway, New York:

In simple justice to your paper, I feel bound to say the BLADE is named more frequently by far than any other paper we advertise in, by persons who write us. It is mentioned from all parts of the country.

C. A. Shearman, President Union Telegraph College, Oberlin, Ohio:

I consider the BLADE one of the most valuable advertising mediums. Receive letters from my advertisement in it from every State in the Union.

E. M. Boynton, Manufacturer of Lightning Saws, 80 Beekman street, New York, says:

After advertising in the leading journals of the country, and especially in the largest Western papers, I have only to say that I have received more answers through your WEEKLY BLADE than by any other medium.

We have many similar statements, but these suffice to show the fact that the BLADE is what we claim for it—the best advertising medium for the price in the United States. Advertising received direct or through any reliable advertising agency. Correspondence solicited. Estimates furnished promptly on application. Address

The Queen City Publishing Co., Cincinnati, O. say:

We know of no better medium in the West than the Toledo WEEKLY BLADE.

Manhattan Sewing-Machine Co., say:

We take pleasure in giving you our practical knowledge of your Weekly as an advertising medium. We have received from twenty to as high as one hundred letters per day, which mentioned the BLADE specially as the paper in which they saw our advertisement.

Howard & Co., Agents for Waltham Watches, Fifth Avenue, New York, say:

Having kept a careful record of our advertising, we find that we had more letters from advertisements in the Toledo BLADE, in proportion to cost, than from any other paper, and during the year our advertisements were in all the leading papers of the country.

In a general business letter, written under date Nov. 23d, the Western Gun Works, Chicago, Ill., say:

Among some 2,000 papers we are advertising in, *Harper's Weekly*, &c., among the number, we must say that the BLADE stands pre-eminent in point of paying us.

Dear Sir:— * * Put my advertisement in the WEEKLY BLADE. It was there before and always paid. I hear from South, East, West, and North, and always get my money's worth.

FOR 1876.

Appletons' Journal.

A HOUSEHOLD WEEKLY MAGAZINE.

Devoted to Popular Literature, and all Matters of Taste and General Culture.

APPLETONS' JOURNAL aims to be comprehensive, including in its plan all branches of literature, and treating all subjects of interest to intelligent readers; it designs to be elevated in taste and pure in tone; it gives in quantity fully twenty-five per cent. more than the largest of the monthly magazines, while in quality the literature is of the highest class.

Published Weekly. Price 10 cents per Number; or \$4 per Annum, in Advance.

By the recent Post-Office Law, the postage on all periodicals must be prepaid by the publishers. Subscribers, therefore, will hereafter receive their numbers without expense of postage.

The Art Journal.

Devoted to the World of Art—Painting, Sculpture, Decoration, etc., in all its branches.

Each number is richly and abundantly illustrated, on both steel and wood, and no pains are spared to render this ART JOURNAL the most varied, elegant, and valuable publication of the kind in the world. It contains the steel plates and illustrations of the London *Art Journal*, a publication of world-wide fame (*the exclusive right of which, for Canada and the United States, has been purchased by the publishers*), with extensive editions devoted to American art and American topics. It has already reached a circulation much beyond the anticipations of the publishers among the art-loving and better classes of the people of the United States and Canada, and is steadily increasing with each number.

The Popular Science Monthly.

CONDUCTED BY E. L. YOUMANS.

This periodical was started (in 1872) to promote the diffusion of valuable scientific knowledge, in a readable and attractive form, among all classes of the community, and has thus far met a want supplied by no other magazine in the United States.

The POPULAR SCIENCE MONTHLY has long since ceased to be an experiment. It has passed into a circulation far beyond the most sanguine hopes at first entertained, and the cordial and intelligent approval which it has everywhere met, shows that its close and instructive discussions have been well appreciated by the reading portion of the American people. It has not been its policy to make boastful promises of great things to be done in the future, but rather to appeal to what it has already accomplished as giving it a claim upon popular patronage. But no pains will be spared to improve it and make it still more worthy of liberal support, and still more a necessity to the cultivated classes of the country.

It is published monthly, and will present to the reader in each number a series of engravings of new machines and inventions, with clear and decisive descriptions of the same—in order to make plain their usefulness to the Brazilian people, and thereby to promote a trade between the United States and that great country. It is valuable and instructive to mechanics in the workshops or manufactories, and interesting to any household, while the journal itself becomes a reference in the library or office.

Manufacturers of any useful article will find it to their advantage to advertise in this paper, since the South American States are so much in need of labor-saving machines, and are ever ready to avail themselves of the improvements offered.

TO MERCHANTS, MANUFACTURERS AND OTHER BUSINESS MEN.

We take pleasure in commending to your attention the publications of THE NEW YORK MERCANTILE JOURNAL COMPANY. Commendation is due not only for the commercial information furnished, but especially also for their able advocacy, through many years past, of **Cur-rency Reform** in the face of strong opposition.

A WEIGHTY REASON.

A weighty reason why all business men should patronize the publications of **The New York Mercantile Journal Co.**—beyond obtaining a knowledge of current events which have **Direct** reference to Commercial and Financial affairs—will be readily appreciated upon a moment's reflection. It may be safely said that the adoption (merely a question of time) of National Paper Money made a full legal tender, having its **Value Fixed** and **Volume Regulated**, by its interchangeability at holders' option with Government bonds bearing a fixed, equitable rate of interest, as advocated by these publications (viz.: **The New York Mercantile Journal, The Dry Goods Journal, The Druggists' Journal, The Hardware Price-Current, and The Grocers' Price-Current**), will **Prevent Inflation**, without producing undue contraction, and thus remove **All Liability to Financial Panics** such as in years past have so seriously disturbed the entire industry of the country and entailed such fearful loss upon all. The most memorable of these panics occurred in 1837 and 1857. The loss to the nation through non-employment of labor (for a twelve month only) caused by the panic of 1857 is variously estimated at from \$1,500,000,000 to \$2,000,000,000, which, if distributed among the merchants, would average **Three Thousand Dollars Each**, if we take only the smallest sum—\$1,500,000,000—and estimate the number of merchants at 500,000, or one in eighty of our population. In view of these facts, is it not worth the while of **all to work earnestly to avert such disasters in future**, as well as to obtain present relief from embarrassments resulting from the peculiar panic of September, 1873.

SALT A NECESSITY—WHAT IS ECONOMY!

Since **Salt** is not only necessary to health, but life itself, any man who would entirely dispense with its use, in order to reduce his expenses from one hundred dollars to ninety-nine dollars and ninety-five cents per month, would no doubt be considered eccentric, to say the least. What, then, ought one to think of the merchant who—because business is dull and money scarce—cuts off his Commercial and Financial Newspaper, the Salt of his business affairs? The man who **JUDICIOUSLY** economizes is wise, but when he allows himself to withhold his seed-corn from the earth, with a view of hoarding it, he ——— makes a mistake.

The Catholic Review.

A WEEKLY NEWSPAPER.

SUITABLE FOR SUNDAY READING IN CATHOLIC FAMILIES.

COMMENDED TO THE PATRONAGE OF THE FAITHFUL BY THE BISHOP OF BROOKLYN, THE ARCHBISHOP OF NEW YORK, A LARGE NUMBER OF OTHER AMERICAN PRELATES, AND HIS EMINENCE CARDINAL CULLEN, ARCHBISHOP OF DUBLIN.

The reasons why the CATHOLIC REVIEW has obtained the largest and most profitable advertising patronage given to any Catholic paper are: 1.—The extent of its circulation in the diocese of New York, Brooklyn and Newark, which include over *one million Catholics*. In these sections its circulation exceeds that of any Catholic paper, and it goes to over 5,000 post offices in the East and West. 2.—The character of its circulation, the convenience of its form, the beauty of its type and paper, the carefulness of its press-work, are qualities which gratify the correct taste of the educated classes and justify the expectations of superior qualities in the editorial matter. 3.—By its enterprise in the collection of news, and by its calm, dignified and unyielding tone in the statement of facts and discussion of opinions, it has won an unapproachable reputation. Its circulation is therefore correspondingly valuable in character. The CATHOLIC REVIEW is the cheapest, handsomest and best Catholic paper published.

Its Value as an Advertising Medium may be inferred from the character of the men who constantly advertise with us; such as A. T. Stewart & Co., Arnold & Constable, Devlin & Co., Ridley & Son, Chickering & Sons, Meriden Britannia Company, Reed & Barton, Macy & Co., Johnson Bros., Royal Canadian, Home, Continental, Niagara, Phoenix, Equitable, Mutual, New York, United States, Universal, Washington, and other well-known Fire and Life Insurance Companies, together with the chief book and art publishers, and many others of the leading houses of New York. All who desire to reach by advertisements the families, the colleges, the churches, the bishops and priests, the various religious and educational institutions of the Catholic community, will find the CATHOLIC REVIEW an unsurpassed medium.

A first-class weekly, devoted to agriculture, stock-raising, wool-growing, horticulture, and the industrial interests of the great North-West. A good home department, filled with choice reading from the best authors. The ROCKY MOUNTAIN HUSBANDMAN is the only agricultural newspaper in Montana. It gives from time to time a full and complete account of the manner, costs, and results of farming and gardening, and the advantages of the live stock and wool-growing interests of Montana—a country whose mountains are rich in gold and silver, and whose valleys are the most beautiful and fertile in the West. The HUSBANDMAN is one of the best advertising mediums in the county. It circulates among the farmers and stock-growers, and is their champion. Its information is gathered from a reliable source.

The HUSBANDMAN has been adopted as the medium of communication of the granges in Montana.

TO ADVERTISERS.

The DAILY NEWS has the largest circulation of any daily published in the United States. We are willing to show our books to any advertiser who wishes to examine them, to satisfy him that what we say is correct. The price charged for advertisements in the DAILY NEWS is not more, and in some cases it is less, than the price charged by journals which have not more than half or even one-third the circulation of the NEWS. Advertisements inserted in all three editions without extra charge.

The "Daily News" is now the Cheapest Advertising Medium in Existence.

The WEEKLY NEWS has a large circulation in every section of the country. Merchants, manufacturers, patent medicine dealers, and all classes of business men will find its columns a very valuable medium to advertise in.

The SUNDAY NEWS has a large circulation throughout the city and along the lines of the railroads leading from the city. Advertisements inserted on liberal terms—at lower rates than in any other Sunday paper published, when circulation is taken into consideration.

DIE TAGES-NACHRICHTEN has the largest circulation of any German daily newspaper published in the world.

DIE SONNTAGS-NACHRICHTEN has the largest circulation in the city of any German Sunday paper issued.

All classes of merchants and dealers who are seeking for German trade will find advertisements in the columns of the TAGES and SONNTAGS-NACHRICHTEN reach a larger number of readers than they would by any other channel.

THE NEW HEROLD BUILDING.

431, 433 and 435 Broadway, Cor. Mason Street,

MILWAUKEE,

WISCONSIN.

The HEROLD was established in the Fall of 1861 by W. W. COLEMAN, Esq., its present owner, who with but limited means, but with a determination to achieve success if personal application to business, energy, and perseverance would accomplish it, entered upon his work.

Seldom ever has a newspaper publisher studied and worked up the problem of "How to secure circulation" more thoroughly, systematically, and successfully than the publisher of the HEROLD. To this object his every nerve was bent. Believing in a liberal policy, the bread by him cast upon the waters has returned manifold, until now, although much the junior of the influential newspapers of Wisconsin, the HEROLD, it is acknowledged, outranks them all in point of circulation, the weekly editions being larger than those of any German paper published west of New York—at date of writing—by pressman's actual count, 19,200.

The new building was purchased in the Fall of 1875. It is fitted up with all the modern improvements and appointments, and has ample accommodations for the steadily increasing business of the HEROLD.

It is centrally located, within two blocks of the Post-office, Chamber of Commerce, the principal Banks and Hotels and the Courts of the city.

Dick's '67 Patent, made "Triple Mailer" in 1872, Including the "Right" to Use,

Is to every one the cheapest as well as the best; because always most equitably sold, without discrimination, at a cost graduated in exact proportion to each publisher's aggregate weekly addresses; requires, to start with, one-third less type and material, and preserves it good seven times longer than any one of the thirty-two patented address-printing machines; while, to crown all, it addresses papers at more than twice the speed of the best mailer among them—one unassisted operator having with it addressed and pitched to the wrappers 7,334 newspapers in one hour, fully two papers every second of the sixty minutes—giving it that superiority in economy of money, material, time, and labor, which fully accounts for its now addressing, as all post-masters know, manifold more newspapers than all the other thirty-two patents combined; showing that the publisher who is in haste to adopt a mailing machine, risks nothing in sending his order (all orders are filled promptly, and invariably on the same terms), without previous correspondence, in the terms following: **Order for Patent Mailer.**—To ROBERT DICK, 139 W. Tupper St, Buffalo, N. Y. Sir: Send us Best Mailer, boxed, \$10 25; 1 pair Mounted Blades, \$2, and Year's "Right" at as low a price, *pro rata*, as to any publisher, but not to exceed 75 cents per year for 100 weekly addresses. Collect by C. O. D., sight draft, or bill. Payments as per order will be promptly made. As closely as we can determine, the numbers of our addresses of all kinds to be set in type are very nearly as follows:—Daily....Tri-W'kly....Semi-W'kly....W'kly....Semi-M'thly....M'thly.... BULLOCK PRINTING PRESSES

These great machines continue to grow in favor with publishers of newspapers who begin to see that the days of all Hand-Feed Printing Machines for fast work are numbered, whether for printing one or both sides of a sheet; for where is the sense of feeding by hand when it can be done better by machinery and without cost?

THE BULLOCK SELF-FEED PERFECTING PRESS

FEEDS ITSELF FROM ROLLS OF PAPER MILES IN LENGTH, AND PRINTS BOTH SIDES OF THE SHEET AT ONE OPERATION, THUS SAVING THE WHOLE COST OF FEEDING BY HAND.

Over fifty **BULLOCK SELF-FEED PERFECTING PRESSES** are now in operation in the United States—some of them daily for over ten years—in the following establishments:

Government Printing Office, Washington, D. C.	Chicago Times,
Philadelphia Democrat,	Chicago Post,
Philadelphia Star,	Missouri Republican,
Philadelphia City Item,	Cincinnati Volksblatt,
New York Sun,	New Yorker Presse,
Brooklyn Argus,	Chicago Tribune,
Boston Herald,	Indianapolis Journal,
New York Herald,	Baltimore Evening News,
Pittsburgh Leader,	San Francisco Post,
Chicago Staats-Zeitung,	Louisville Courier-Journal,
Cincinnati Star,	And Others.
Cincinnati Enquirer,	

THE BULLOCK IS NOW MAKING FOR THE NEW YORK "SUN" A PRESS WHICH WILL PRINT OVER 60,000 COPIES PER HOUR.

The **BULLOCK**, the model of all Self Feed Printing Machines, is the first invention of its kind that was brought into practical and successful use. It is entirely original in design, arrangement and operation, and is not borrowed from English or French inventions, as some new machines are. As it is, there is nothing abroad or at home that the **BULLOCK** can borrow, being in all respects better than anything there or here. The **Bullock** is not only the **Best**, but the **Cheapest and Fastest Press in the World**. Folders applied to all our presses when desired. Hoe's old rotaries taken in exchange at their value. NEW COMPOSITION

INKING ROLLERS.

Protected by Letters Patent, Granted by the United States, Dated May 6, 1864; June 21, 1864; September 24, 1864; February 27, 1865; also, by Great Britain, Dated March 31, 1865, to

FRANCIS & LOUTREL,

PATENTEES AND MANUFACTURERS,
NEW YORK.

MERITS OF THE COMPOSITION.

All printers fully realize the importance of having their inking rollers in proper condition to do good work, and the constantly changing condition of the old glue and molasses roller has long called for something better, whereby the perplexity, time and expense may be saved, and at the same time better work be secured without that close attention usually required to keep rollers in good order. We call attention to the following as some of the principal advantages of our composition.

It never loses its suction; it never shrinks, as it contains no water or other fluids to evaporate; it always remains moist; it never skins over on the face; it never cracks on the face; can be recast from year to year, thereby saving the material; it does not become hard by cold weather; our rollers are tougher than any others in use, and are not injured by age or climate; they do not require washing at the end of the day's work, as other rollers—ordinary book ink will not dry on them in four or five days; they are cheaper than ordinary rollers in use, although first cost may be more; as they do not require washing daily like other rollers, there is a saving of ink, time and material; when once set they will not require resetting from day to day, as there is no shrinkage; they are good proof rollers, as ink does not dry on them; an average of two tokens a day more can be worked by use of these rollers on each press.

We Send with Composition Directions for Casting, Recasting, and for Using.

THE TRADE WILL PLEASE TAKE NOTICE

that all unauthorized manufacture or use of the above patents is an infringement thereof, and all so infringing will be held to a strict accountability. These patents have been fully sustained in the Circuit Court of the United States.

PUBLISHED WEEKLY.

A JOURNAL DEVOTED TO THE INTERESTS OF ADVERTISERS.

All persons who have made contracts through the Advertising Agency of Geo. P. Rowell & Co. to the amount of \$10 are entitled to be classed as subscribers to the "Advertiser's Gazette" without any further payment of subscription.

WHAT THE ADVERTISER GAINS BY EMPLOYING THE AGENCY.

"What do I gain by going to the advertising agency in preference to appealing to the paper direct?" is the question most frequently propounded by the novice in advertising.

The old advertiser, of undoubted responsibility, who knows the value of papers, their prices, how to secure the best display in the smallest space, and how to order insertions that the publisher will not extract a justification for an extra or increased charge, has nothing to gain by transacting his business through an agency except the convenience of making one transaction, verifying one account at one place, at one time, and paying one bill instead of many. Yet the old advertiser deals mainly through agencies for this reason, and the saving of time, stationery and postage.

The advantages of the newspaper advertising agency to the advertiser, then, are these: Experience without cost; one contract instead of many; protection against unnecessary extra charges, and knowing in advance the price, beyond which an order will not be carried without his full knowledge and consent.

Of those advertisers who believe that they can obtain the same net terms direct as would be accorded to the agency, we ask, is it reasonable that publishers should extend as good rates to an advertiser who expends \$5,000 a year as to an agent who forwards \$50,000 a month? If any one is to be pleased or catered to, is it not, under the circumstances, more likely to be the agent? Would eight thousand publishers contribute free their periodicals from year to year, the subscriptions upon which amount, taking dailies, weeklies, and all, to more than \$20,000 per annum, and then set about undermining the institution for the support of which they have paid so much? Is such a supposition reasonable? The truth is that between the best class of agencies and the publishers there is no competition. On any considerable order, the agent, by taking advantage of every point in the advertiser's favor, is *always* below the aggregate price obtained by application to publishers.

PUBLISHED BY

GEO. P. ROWELL & CO., ADVERTISING AGENTS,

PRINCIPAL OFFICE: 41 PARK ROW, NEW YORK.

A CARD TO NEWSPAPER ADVERTISERS AND BUSINESS MEN.

In 1865 we organized an agency to make contracts for the insertion of advertisements in the journals of the country.

Our business has grown from year to year, until we are now the authorized and trusted agents of more than 6,000 newspapers, and include among our patrons fully three-fifths of all those who do advertising in journals printed beyond their own immediate neighborhoods.

Aiming to still further increase our business, we submit a few of the reasons which we think ought to have weight with intelligent advertisers (for whom we mainly do business):

1st. A varied and extended experience.

2d. An organization for transacting business promptly, whether with one newspaper or a thousand.

3d. The certainty that we can always procure the best terms.

4th. The employment of experienced and skilled labor in every department, so as to execute the very best work without additional expense to the advertiser, and at the shortest notice.

5th. Being in daily communication with the leading newspapers, and the largest patrons of most of them, we are confident that the really leading newspapers throughout the country do now give us more business confidence than they do any other parties whatsoever.

To address a newspaper audience, so as to secure their attention, requires skill and experience, and to be able to do so from day to day is a labor requiring much ingenuity and constant study.

The value of an advertisement is not so much in its size or the frequency with which it is printed, as in the completeness with which it supplies the desired information to the reader.

We pay attention to the preparation of attractive advertisements to be inserted in choice positions in the leading newspapers of the large cities, including New York and Philadelphia.

For this class of advertising cheapness is a word which cannot be considered. To procure conspicuous positions, to attract the eye and secure the confidence of those who read the great journals, is work for which every advertiser who has first-class goods to dispose of can afford to pay.

Printed proofs are prepared for the approval of the advertiser before publication, when requested.

We seek the patronage of business men, of merchants, and manufacturers, the skilled artisan, and the thrifty and inventive mechanic, the earnest worker in every pursuit, confident that by our perfect facilities for every kind of newspaper advertising we can do better work for less money than it is possible for private parties to do.

GEO. P. ROWELL & CO., Newspaper Advertising Agents,

PRINCIPAL OFFICE: 41 PARK ROW, NEW YORK.

Extract from *NEW YORK TIMES*, June 14, 1875.

Ten years ago Messrs. Geo. P. Rowell & Co. established their Advertising Agency in New York City. Five years ago they absorbed the business conducted by Mr. John Hooper, who was the first to go into this kind of enterprise. Now they have the satisfaction of controlling the most extensive and complete advertising connection which has ever been secured, and one which would be hardly possible in any other country but this. They have succeeded in working down a complex business into so thoroughly a systematic method that no change in the newspaper system of America can escape notice, while the widest information upon all topics interesting to advertisers is placed readily at the disposal of the public.
